ROOSEVELT INDORSED BY NORTH DAKOTA

VALLEY CITY, N. D., Jan. 14.—(AP)—Governor Franklin D. Roosevelt, of New York, was indorsed as the democratic presidential candidate by the resolutions committee at the party's North Dakota convention today.

Delegates cheered as the report was presented prior to convention action on it. Committee members said no other name was mentioned at their sessions.

Leaders said approval was assured in view of Roosevelt's indorsement at most county conventions. Permission of the indorsement will be requested so his name may be entered in the state primary election March 15.

BY ROBERT ST. JOHN.
NEW YORK, Jan. 14.—(AP)—The democratic party "can never tolerate abuse heaped against the person of the president of the United States," Governor Franklin D. Roosevelt, himself a potential presidential candidate, declared tonight.

"I deplore the tendency to blame all our present troubles on the president," he told several thousand democratic leaders at the party's New York "victory dinner" in the grand ballroom of the Hotel Astor.

"He (the president) is perhaps the victim of a theory which holds that the control of the republican party reins entitles the holders to use that historic party for the purpose of personal gain."

"He and his associates perhaps have shown incapacity to contribute leadership in the solving of a national crisis."

"The battle of democracy is pointed not at the rank and file of the republican party, but at those who today direct its policies. But the battle of democracy can never tolerate abuse heaped against the person of the president of the United States."

When the governor was introduced he was greeted by a storm of cheering and handclapping that prevented him, for a full minute, from beginning his address.

After the governor finished, the toastmaster announced he had a telegram from a famous New York politician, "who is in Boston tonight addressing another victory dinner."

"All through its existence the democratic party has belonged to the plain people," the message began. It was signed "Alfred E. Smith."

As the name was read, applause and cheering broke out again and continued for nearly five minutes, finally being cut short by the toastmaster's gavel.

Mellon Accused of Backing Loan for Oil Right

PATMAN CHARGES COLOMBIA LEASE LINKED WITH DEAL

State Department Denies Connection Between Credit and Barco Concession of Mellon Firm.

WASHINGTON, Jan. 14.—(AP)—Assertions that Secretary Mellon, in his private capacity as a capitalist, intervened last June in negotiations to extend a loan to Colombia were heard and at once denied today before committees of congress.

A charge that the treasury secretary was active in obtaining a Colombian oil concession during the loan discussions was made by Representative Patman, a Texas democrat, before the house committee hearing his plea that Mr. Mellon ought to be impeached. The accusation was based largely on newspaper dispatches and a letter from an unnamed citizen of Colombia.

State department officials, appearing concurrently before a senate committee investigating foreign loans, denied there was any connection between the Colombian credit and any oil discussions which may have taken place. Tomorrow Mr. Mellon's own representatives will reply to Patman before the house committee.

The story of the state department's activities with reference to the loan and the concession was related to the senators by Francis White, an assistant secretary of state, and Freeman Matthews, assistant chief of the department's Latin-American division.

White flatly refused to give the committee for publication correspondence between the department and the Colombian legation regarding the oil concession. He continued to refuse, after Senator Johnson, republican, California, drew from him a statement that he had read one of the communications to a New York banker.

From Matthews, Johnson obtained testimony that the \$4,000,000 Colombian loan was held up by American bankers for several weeks and finally granted after the state department had intervened.

During that time, Matthews said, the Colombian legislature was debating restoration of the Barco oil concession to the South American Petroleum Company, which is chiefly owned by the Gulf Oil Company, known as one of the "Mellon companies."

The re-instatement passed the legislature June 18, Matthews said, and Continued in Page 23, Column 5.

BOARD ASKS LIFE FOR MANCHESTER

But Divided Opinion May Cost Slayer Commutation of Death Sentence.

Earl Manchester, Michigan youth under sentence of death for a Macon insurance plot murder, Thursday won the state prison commission's recommendation for life imprisonment on the first divided opinion of the commission in a major case in years.

Chairman E. L. Rainey and Commissioner Vivian Stanley joined in the major opinion, which sends Manchester's case to the governor with a favorable recommendation.

G. A. Johns, vice chairman, in a lengthy dissenting view, called attention to the record in the case which he said "shows beyond a question that applicant (Manchester) is a guilty murderer, murder for so many pieces of silver."

Commissioner Stanley, who has been secretary and member of the prison commission for six years, could not recall another instance of a divided opinion on any major case since his connection with the body.

Manchester was jointly indicted with Mrs. Sarah Elizabeth Powers, aged Macon rooming house proprietor, for the murder of James Parks, orphan printer. Mrs. Powers is now under life sentence.

POOLE AND GAINES HELD FOR MURDER

Injured Policeman Taken to Valdosta Jail; Suspensions Are Ordered.

Two Atlanta policemen were locked in the Valdosta jail Thursday night charged with the murder of Miss Winona Patterson, pretty college girl, in an auto crash near Adel Sunday night in which the girl received injuries which brought death Thursday morning.

Shortly after Miss Patterson died in a Valdosta hospital, Chief James L. Beavers heard reports of Detective D. Rivers Jr., son of the mayor of Lakeland, Ga., and former senator, who had been commissioned to investigate the crash, and suspected A. Douglas Poole and H. D. Gaines, the two policemen charged with murder.

Sturdivant furnished Chief Beavers with affidavits of several persons who saw Poole and Gaines either shortly before or just after the accident, which injured five young men and women of south Georgia. The detective said that Poole, who was driving one of the cars, was proceeding on a road which was under the influence of liquor.

Second Victim Near Death.
Reports from Valdosta Thursday night said that Joe Pafford, seriously injured in the crash, was sinking and that doctors doubted he would live. There were injured in the crash, including E. D. Rivers Jr., son of the mayor of Lakeland, Ga., and former senator, were recovering. George Stewart and Miss Elizabeth Cannon, both members of prominent families, were the other victims of the accident.

Poole was in a Valdosta hospital when Miss Patterson died and a guard over him was immediately doubled at the request of Mr. Rivers. Later in the day he was removed to the county jail after doctors had said that his physical condition would warrant the move. He received two broken ribs and cuts and bruises in the crash.

Chief of Detectives A. Lamar Poole, father of Douglas Poole, was in Valdosta Thursday night of the crash, the accident which brought the most serious legal charge in the courts against his son.

Shortly after suspending Poole and Gaines Chief Beavers began his investigation of three superannuated policemen reported to have been in Valdosta several days gathering evidence in behalf of the two accused officers.

They are Harry Maddox, T. F. Gelling and T. M. Parker.

No action was taken by the chief pending deliberation of his reports. He said that evidence indicated that Continued in Page 23, Column 5.

HOOVER WILL RUN, BROWN DECLARES

Postmaster General Hurls President's Hat Into Renomination Ring.

WASHINGTON, Jan. 14.—(AP)—The name of Herbert Hoover was informally put into the republican presidential field today by his postmaster-general, Walter Brown, of Ohio, in the face of threatened challenges from the party independents of the north-west.

In a terse statement, Mr. Brown said the president "will stand for renomination," and whatever is necessary to get convention delegates for him will be undertaken.

Brown said no decision has been reached on the North Dakota primary of March 15, which Senators Nye and Frazier, of that state, are urging Hiram Johnson, of California, to enter.

But Senator Johnson has given no answer and whether serious opposition to the president's renomination will be made was still uncertain tonight.

Brown's announcement brought him forward as the campaign manager of the president, with whom he conferred later in the day. He is expected to take over the chairmanship of the national committee if Mr. Hoover is renominated in June. He is regarded as the spokesman of a board of political strategy among the president's intimates.

Mr. Hoover himself is expected to make his own announcement, when it becomes necessary for him to declare his intentions under the Ohio primary law.

While Brown said delegates will be sought in the law of each state provides, he added there was no decision as to whether Mr. Hoover's name would be entered in the North Dakota primary.

Party Will Sweep Entire Nation, Governor Russell Declares; Names of Roosevelt and Smith Are Wildly Cheered.

HOWELL, COHEN MESSAGES READ

Victory Campaign Gets Off to Great Start as Women Join in Launching Effort in Georgia.

BY R. E. POWELL.

Having never been forced to haul down its colors in a national election, the democracy of Georgia is confident not only of winning the state but the south and two-thirds of the nation in 1932, Governor Richard B. Russell Jr. told the victory campaign celebrants at the Piedmont hotel Thursday night.

Chief speaker on the local program, Georgia's youthful governor, who sat in the recent meeting of the national committee, declared, amidst tremendous applause, that those who deserted the party in 1928 have repented in sackcloth and ashes and are being welcomed back into the fold for the 1932 election.

Georgia's victory campaign dinner, with Cam D. Dorsey, presiding, brought together most of the party leaders in the state. Absent on account of previous engagements or illness were Clark Howell, former democratic national committeeman, and Major John S. Cohen, who is the present committeeman from the state. Mrs. Edgar Alexander, national committeewoman, read Mr. Howell's letter of regrets to the meeting and Cam Dorsey read the letter from Major Cohen.

Lawrence Camp, chairman of the state democratic executive committee, reminded that Josephus Daniels, secretary of the navy in the Woodrow Wilson cabinet, was confined to an Atlanta hospital, offered a resolution, unanimously adopted, praising the Daniels record and wishing for him many years of service as a party leader. Mr. Daniels was reported as resting comfortably Thursday night at an Atlanta hospital following injuries sustained Wednesday while en route here from Rome.

Many Women Attended.
Pure, undefiled Jeffersonian democracy presided the meeting, composed of members of the general assembly, state officials and a liberal sprinkling of the party leaders, including the prominent women of the state. As Governor Russell arose to welcome party representatives to the dinner, he was given a tremendous ovation.

"The average man in this country," he said, "is turning to the democratic party today as never before in its history. He realizes that he has been duped by those apostles of privilege, that their promises of fulfillment are impossible and made to entrench themselves in power, and he is, at last, to the fact that he is in the power of those who have profited at the expense of the masses."

When the name of Governor Franklin D. Roosevelt, of New York, was read to the convention there was a tremendous ovation.

Electric fans that had been marked "do not open until next summer" and put away months ago were yanked out of storerooms Thursday as official thermometers in Atlanta, after breaking a January all-time record the day before, with clouds overhanging, dropped only 3.4 points for a maximum.

In other Georgia cities, it was even warmer. Albany, with an official maximum temperature of 83, passed its hottest January day since 1918 and the second in the history of that thriving city. Macon was only 2 degrees behind with an official reading of 80 at 8 o'clock in the morning—the highest January figure on record.

Printing Industry Tells Story Of Craft in New City Builder

There remained for the ultra-modern members of the graphic arts the task of describing the wonder of paper, plate and ink—and the current (January) issue of the Atlanta City Builder tells in beautiful format and phrase the workings of a \$20,000,000 industry in Atlanta.

Published by the Atlanta Chamber of Commerce, the graphic arts number is interestingly descriptive of the varied and complex allies of the printing industry. It could be said that a story of stories could be embodied in the 28 pages of the magazine.

There will be no doubt of reader interest in the brilliant issue. From

the four-color cover engraving to the last page, the magazine sets a new standard for beauty and craftsmanship, a combination which Keats would have described as "a beauty forever."

Editorially, the magazine pays tribute to the importance of the allied arts of printing in Atlanta. Three thousand four hundred twenty employees with an annual pay roll of \$6,371,808 are kept busy turning out books, magazines, trade and newspaper, folders, pamphlets, bill posters and every conceivable form of printing. Raw material and paper purchases aggregate a yearly sum of

\$4,598,463 and the buildings and equipment represent nearly eight and a quarter-million dollars.

Printed on the best grade of heavy glass paper, the City Builder is filled with interesting and informative descriptions of various firms in the printing, engraving and paper business. Articles on typography, engraving, and attractive layouts of advertising combine to make the issue an unusual accomplishment.

Slater Marshall, editor; Platt Young, associate editor, and Hal Daniell, advertising manager, supervised the compilation of material and printing was done by the Lyon-Young Printing Company. The contents are comprehensive and extensive.

Thus did the modestly silent printing men tell the story of their craft in the manner of "deeds which speak louder than words."

PRESIDENT WILL TURN TO DOMESTIC ISSUES

Administration Settles Upon Hands-Off Policy in Europe.

BY DR. MAX WINKLER.
(Copyright, 1932, for The Constitution and North American Newspaper Alliance, Inc.)
No intervention in any way to aid in the settlement of Europe's problem will be the program from now on of the administration in Washington.

The president is understood to have intimated that he is going to devote his entire time to domestic problems which have assumed such proportion as to merit his undivided attention. This is no doubt a very laudable move on the part of America's president.

One might, however, inquire whether it is quite so simple for the United States to withdraw now from world affairs with impunity. It must not be forgotten that America's stake abroad, that is, American investments in foreign countries, totals almost \$18,000,000,000, or well over \$140 for each man, woman and child in the country, and that a policy of aloofness now is fraught with some danger. It might not have hurt the nation had such a policy been enunciated before the United States assumed the role of playing the world's banker.

THREE MEALS A DAY

KITCHEN TESTED RECIPES
by Sally Saver

All of us think more about vegetables than we used to. In accounts of banquets in Queen Elizabeth's time we read about barbecued sheep—roast peacock served in its plumage, larks' tongues, boar's head and roast swan, but never a word about spinach or carrots. Partly because they are inexpensive and partly because of a better understanding of food values, there is a great cry for more and better prepared vegetables. Vegetables form an essential part of our diet, they supply necessary bulk and furnish valuable minerals and vitamins for our bodies. They may be used in certain combinations and served as a meat substitute. The large number of vegetables constantly on the market add variety and flavor to our menus and color to our tables. Even if one must stick to the old favorites, which are cheaper, there are numerous ways of serving them. The homeliest vegetables can be made delicious and far more attractive with a little dressing up. Carrots, green beans, asparagus, onions, cabbage, potatoes and cauliflower are particularly suitable to be creamed. White sauce for creaming is improved if vegetable liquor is substituted for a part of the milk called for in the white sauce recipe. Bits of meat chopped fine, broken pecan meat or grated cheese stirred into the sauce offers variety. This is particularly good if the vegetable is taking the place of meat in the menu. Potatoes and peas, cooked about 10 minutes—even if you are going to mash them don't let them get mushy. Brussels sprouts are ruined if they cook until they are pink. Fifteen to 18 minutes will do. String beans take from 40 to 60 minutes, the time varying with age and freshness. Another way to make them a little different is to drain beans after cooking and pour them into a saucepan with a tiny bit of cream and let it boil through, about two minutes. When you cook asparagus, begin with the bunch standing straight upright in the water, to boil the underpinnings thoroughly, then tip over in the water to cook the tops, only enough to soften them. Wherever you save on butter, don't let it be here.

About this time of the year cabbage is an excellent foundation for salad too—the green pepper with it and apples and pecans. Make your dressing with one-half cup condensed milk and one-half cup mayonnaise. Try serving it molded for a change, or in a big bowl family style. You don't always have to humor a salad with a lettuce leaf.

Whatever you do, make your vegetables exciting. The more you stay on the beaten track, you can tempt frail appetites with homely

Use 1-1/2 pounds beef liver; 1 tablespoon parsley; 1 tablespoon onion; 1-2 green pepper; 1-2 cups bread crumbs; 2 eggs; 2 tablespoons drippings; 1-1/2 teaspoons salt; 1-3 teaspoon pepper; 1-4 teaspoon dried celery; 1 cup meat stock; 1-2 cup canned milk.

Wipe the liver, slice, run through food chopper with parsley, onion and pepper. Add crumbs, moistened in beaten egg, stock, milk, drippings and seasoning. Mix well, turn into a greased baking dish and set in a pan of hot water. Bake 1-1/2 hours in a slow oven (325 degrees). Serve hot or cold with catsup, chili sauce or tomato sauce. This recipe serves eight persons.

Cabbage and Celery Salad.

Shred cabbage—trim celery and chop fine, using equal parts of each. Mix well mayonnaise and condensed milk, mix celery and cabbage and desired amount of dressing. You may substitute celery seed for the celery if you wish.

Creamed Beets.

Cook tiny beets whole until done. If you use canned beets, heat them thoroughly. Drain well; add 1-4 cup broken pecans to every cup of white sauce used. Pour over beets just before serving.

Cabbage Hearts and Peas.

Discard coarse outside leaves of one large or two small heads of cabbage. Chop remaining hearts fine and cook until tender in a small quantity of water. When almost done, add an equal quantity of drained canned peas, and a teaspoon of chopped mint or 1-4 teaspoon mint flavoring. When done, drain, season with salt, butter and pepper and serve at once.

Stuffed Onions.

Six Bermuda onions; 1-3 cup melted butter; 1-2 teaspoon salt; 3-4 cup bread crumbs; 1-2 cup chopped peanuts; 1-4 teaspoon pepper; 1 tablespoon chopped onion.

Pour the melted butter over the crumbs, add other ingredients. Boil the onions, scoop out the center and add the chopped onion to the crumbs. Restuff the onions with the mixture and bake 45 minutes in a moderate oven.

Brussels Sprouts and Celery.

One quart Brussels sprouts; 1-1/2 cups celery; 3 tablespoons flour; 3 tablespoons butter; 1-1/2 cup milk.

Boil sprouts in salted water until tender. Cook celery in butter 10 minutes, add flour and milk, making a white sauce. Pour over drained sprouts, add onion to the crumbs. Restuff the onions with the mixture and bake 45 minutes in a moderate oven.

Stuffed Baked Potatoes.

Select medium sized smooth potatoes and scrub well with a vegetable brush. Bake in an oven about 250 degrees until they are soft. Cut in halves lengthwise, scoop out insides and mash well, season with salt, pepper and butter—a few drops of onion juice, mace and 2 teaspoons of finely minced parsley. Beat well, refill potato shells with mixture. Brush tops with melted butter or beaten egg, and brown in oven.

Peas and Pimientos.

Heat peas from the can thoroughly, chop pimientos fine and add salt and pepper to taste. Butter well and serve hot. The pimientos add both color and a delicious flavor to the peas.

Sweet Potatoes and Bacon.

Try broiling in butter, slices of raw or baked sweet potatoes. Place them on a platter with strips of crisp bacon, for your main breakfast dish.

Corn and Cheese Souffle.

One tablespoon butter; 1 tablespoon chopped green pepper; 1-4 cup flour; 2 cups milk; 1 cup grated cheese; 1 cup corn; 3 eggs; 1-2 teaspoon salt.

Melt the butter and cook the pepper thoroughly in it. Add the flour by adding the flour, milk and cheese; add the corn, yolks of egg and seasoning; fold in the stiffly beaten whites; turn into a buttered baking dish and bake in a moderate oven for 30 minutes.

Diced Turnips.

Five large yellow turnips; Butter or bacon fat; salt.

Pare the turnips and cook them in boiling water about 30 minutes, or until tender. Drain and cut the turnips in cubes. Add butter or bacon fat and salt.

Celery Au Gratin.

One bunch celery; 4 tablespoons flour; 1-4 teaspoon pepper; 1 cup water from cooked celery; 1-2 cup grated cheese; 2 tablespoons butter; 1 teaspoon salt; 1-4 teaspoon paprika; 1 cup cream; 1-4 cup bread crumbs.

Separate celery, wash, scrape and cut in half-inch pieces. Cook in boiling salted water until tender. Drain and save one cup of water for the sauce. There should be about three cups of celery. Melt butter in the saucepan, add flour, salt, pepper and paprika. Add celery water and continue cooking, stirring constantly until thick and smooth. Add cream and bring to boiling point again. Put a layer of celery in greased baking dish, sprinkle with cheese and cover with cream sauce. Repeat until celery, cheese and cream sauce is used up. Cover with bread crumbs and bake in a moderate oven—over 325 degrees—15 minutes, or until the crumbs brown.

Croole Eggplant.

Two small eggplants; 1 egg; 1 green pepper and salt to taste; grated cheese; 2 small onions; 1 cup tomatoes; 2 teaspoons baking powder; bread crumbs; 1 tablespoon bacon grease.

Peel and slice eggplant and leave in salt water one hour. Cook until tender. Mash; add egg, tomatoes, salt and cheese. Cut pepper and onions in small pieces. Add and mix well, and last of all the bacon grease and bake powder. Bake in a moderate oven 40 minutes.

Baked Apples Stuffed with Pineapple.

Select tart medium-sized apples; peel and core; place in deep baking pan; squeeze a little lemon juice on apples, then pour about 2 teaspoons sugar in the center of each. Pour a little water into the pan, cover the pan and bake in a moderate oven about 40 minutes, or until the apples are done. Stuff centers with pineapple tidbits, or brown slices, and serve for a few minutes.

Waffle Toast.

To make waffle toast, slice bread thin, trim the edges and toast on one side. Take two slices—placing buttered sides together—and toast in waffle iron. The size of the toast depends on the waffle iron. Large irons will make four pieces of toast.

at one time, while the small ones will make only two.

Drawn Butter Sauce.

Two tablespoons butter; 1 1/2 tablespoons flour; 1 cup boiling water; 1/2 teaspoon salt.

Melt the butter in a saucepan over the fire; stir in the flour; mix thoroughly, but do not brown; add salt and water gradually, stirring all the time to prevent lumps. Bring to a boil and serve.

Cream Sauce.

One tablespoon butter; 1 tablespoon flour; 1 cup milk; 1/2 teaspoon salt; dash of red or black pepper.

Melt the butter, being careful not to brown it; add the flour; stir until smooth; then add the milk gradually, stirring constantly until it boils; season and use at once.

Sauce for the goose is not always sauce for the gander. Dressings that make some salads perfect will ruin others that ought to be equally as good. Unless your salad dressings are individual and varied, the charm of your salad will be smothered with its dominant taste. Remember, too, that you make your very best salad dressing with the very best oil that you can buy. It isn't economy to use the cheapest.

Pineapple and mint jelly ring is one of the simplest of all bridge salads and one of the nicest you can have. For each guest place a mound of mint jelly in the center of a slice of canned pineapple; set on a lettuce leaf and serve with cream cheese dressing.

Cream Cheese Dressing.

Moisten two packages of cream cheese with 1/2 cup of oil, adding the oil gradually. When the dressing is smooth and creamy, stir in one-half teaspoon of salt, 1/8 teaspoon of white pepper, and 1/2 teaspoon of granulated sugar; 1/4 teaspoon of paprika and 1 tablespoon of lemon juice. Dust the dressing with paprika to give it color. This makes a thick stiff dressing; if you prefer it thinner add more oil until it reaches the desired consistency.

Many people prefer the delicate flavors of cold meats to hot meats. Cold meats need a dressing just as hot meats require a gravy. A salad dressing appropriate to the flavors of the meats adds zest to the cold cuts and keeps them pleasantly moist. The next time you serve cold sliced lamb, set a sauce boat of mint dressing in the center of the platter.

Mint Dressing.

Mix 3/4 cup of oil; 1 teaspoon salt; dash of paprika; 1/4 cup lemon juice; 1/4 teaspoon pepper; 1/2 teaspoon Worcestershire sauce.

Beat well and add two tablespoons of finely chopped mint.

One of the oldest real American recipes comes to us from the New England kitchens. Codfish cakes are still popular with all of us, especially as a breakfast dish, and best of all codfish comes cooked and boned in cans—ready to be made into cakes that will require only a few minutes. Here is your recipe:

One can codfish; yolk of one egg; dash of pepper; 1 1/2 cups mashed potatoes; 1 tablespoon soft butter; white of one egg; flour.

Wash the fish in cold water and pull into small pieces. Mix with potatoes; beat the egg, stir to a paste with the butter; add the fish and the whites beaten to a stiff froth. Turn in the fish and potatoes. Mix well with a fork. Flour the hands and roll the mixture into round balls. Flatten to one-half inch thickness and fry in hot fat. This is an excellent way to use left-over potatoes.

Canned milk is not a milk substitute as many people think. It is pure fresh milk produced in the best dairy sections of America and brought to the canning plant within a few hours after it comes from the cows. Before it is accepted it is carefully inspected for purity, freshness and richness. It comes to you as fresh as when it left the farm, sealed in a sterilized container, and it may be kept on your pantry shelf a month or a year. Many doctors recommend canned milk for bottle babies because it is so free from contamination. When children's milk of plain milk may be made into beverages that will make them want their quart of milk a day. For guests these beverages provide a refreshment that will be talked about. Canned milk is always fresh and pure, in small or tall cans—ready to be opened and used in the preparation of many of our best dishes.

Dear Mrs. L.: Thank you for your nice letter. We are printing your recipe for jelly roll and think you will find it a very good one. This recipe for making yeast is a very old southern one that our grandmothers used to use. Instead of beginning their mixture with a yeast cake, they boiled a handful of hops with the potatoes, making yeast water to be added to the potato and flour mixture. You may still use the hops if they are available.

Hunters chase the fox mainly for sport, although their hides are valuable. The meat of fur-bearing animals is never particularly good. Even the rabbit is very dry. Some people eat bear meat although it, too, is dry and rather strong. The energy from the food of such animals evidently goes to make fur rather than to store up fat in their bodies.

Jelly Roll.

Three eggs; 2 cups flour; juice of 1 lemon; 1/2 cup sugar; 1/2 cup cold water; 1/4 teaspoon salt; 2 teaspoons baking powder.

Beat the yolks with the sugar, add the liquid and sifted dry ingredients alternately. Fold in the beaten egg whites and pour into shallow buttered tins, using only enough batter to cover the bottom of the pan. Bake about 12 minutes in a moderate oven. Turn out on a paper and dust well with powdered sugar. Cut off a thin strip from the sides and edges of the cake. Spread with jelly and quickly roll. After the cake has been rolled, wrap paper around it so it will keep its shape.

Old-Fashioned Yeast.

Boil two large potatoes in three pints of water; when done take out the potatoes and mash well. Add a pint of flour and pour a little boiling water over all. Beat well together, adding 1 tablespoon of salt; 1 tablespoon of ginger and 1/2 cup sugar. Let stand until lukewarm; add yeast cake that has been dissolved in a cup of the lukewarm potato water, and let stand two days (one day is sufficient in warm weather), stirring down frequently. Add enough good

buying fresh vegetables. With a very late summer and fall, vegetables are both abundant and low priced. String beans, squash, green peppers, carrots, parsnips, cabbage and kale are all bargains, while mushrooms, tomatoes, garden peas, radishes and Brussels sprouts are very reasonable. Fruits, too, are far below the usual January price. Strawberries, avocado pears and honeydew melons may be had without much of a strain on the family budget, and a few cents will go a long way in buying the very best apples, oranges, lemons and grapefruit.

"Heaven Bound" Tonight.

"Heaven Bound," the negro spiritual morality play, will be presented by the choir of Big Bethel church, consisting of 50 trained negro voices, at 8 o'clock this evening in the auditorium of Bass Junior High school, on Euclid avenue, under the auspices of the Philathea class of Jackson Hill Baptist church. The balcony will be reserved for colored people.

House Favors Governor as Candidate for Democratic Party.

NEW HAVEN, Conn., Jan. 14.—(AP)—The Yale Daily News, undergraduate publication, quoted Colonel E. M. House today as saying Governor Franklin D. Roosevelt, of New York, is the "most available" candidate for the democratic nomination for president.

most available democrat our party can nominate for president," Colonel House, political adviser to President Wilson, said.

He lauded Newton D. Baker as a man of "stainless character with unusual ability," but said he did not regard him "as available a candidate for our party at this time as Governor Roosevelt."

VOTES DRAW NEAR ON HOOPER BILLS

House To Determine Fate of Reconstruction Meas- ure Today.

WASHINGTON, Jan. 14.—(AP)—The leaders of President Hoover's economic proposals tonight were only a few legislative steps from the White House door and two others started through the senate with prospects for early action.

The house agreed to vote tomorrow on the \$2,000,000,000 reconstruction corporation measure, which already has passed the senate.

A house amendment today set aside \$200,000,000 of the bill's funds to be used for farm loans. This and other differences between the two houses will be settled in conference.

The president regards this as the most important of all his recommendations for stabilizing business.

Another of his suggestions is even nearer its final goal than the reconstruction measure. It is the bill to furnish additional capital for federal land banks to enable them to lift pressure from hard-pressed farmers.

It reached the house today from the senate. The senate made the total sum \$125,000,000, and it also goes to conference between representatives of the two houses.

A senate banking subcommittee heard a bill to establish a permanent federal system of home loan banks for the aid of both home and farm owners, strongly supported by a succession of witnesses.

Before another banking subcommittee, Undersecretary Mills of the treasury supported the measure to establish a corporation with \$150,000,000 capital for aiding insolvent banks.

Mills said it would permit depositors and creditors of closed banks to get a part of the funds now congealed in the insolvent institutions.

Hearings on the proposal for increased taxes to help the treasury out of the deficit now continued before the house ways and means committee.

Among the several amendments offered in the association representing approximately 350 teachers in elementary and high schools of the county, Thursday afternoon entered the name of Jere A. Wells, superintendent of Fulton schools, as a candidate for re-election, presenting a check for \$250 covering the entrance fee to Hewitt Chambers, secretary of the county democratic executive committee.

Those making the presentation were Mrs. Thomas Lewis, president; Paul D. West, treasurer; Miss Emma Burnett, secretary; and former President W. F. Dykes.

Entering Mr. Wells as a candidate for re-election was without his knowledge or consent, said Mrs. Lewis. "It is a voluntary act of all the teachers who, realizing his splendid worth, his untiring devotion to duty, his loyalty coupled with his absolute fairness to both teacher and parent, feel that we would appreciate the opportunity of having a small part in bringing about Mr. Wells' return to the office which he has so efficiently filled during the term to which he was elected."

Others to announce their candidacies for office Thursday were Sheriff James I. Lowry, J. W. Simmons, clerk of the superior court; Edwin F. Johnson, tax collector; W. C. Richardson, tax collector; and W. A. Lynn, of Ben Hill, candidate for one of the two seats open on the county commission.

**4 W.C.T.U. Officials
Injured in Crash**

GAINESVILLE, Fla., Jan. 14.—(AP)—Four officials of the Florida Woman's Christian Temperance Union were injured today while returning to their homes from a regional conference at St. Petersburg, when their car overturned near Reddick.

The injured: Mrs. Minnie E. Neal, Jacksonville, state president, broken collar bone, shock and possible internal injuries. Miss A. E. Jackson, Jacksonville, president of the Jacksonville chapter, body contusions, shock and a possible fracture of the shoulder.

Miss Marian A. Freeman, Jacksonville, editor of Florida Good News, official W. C. T. U. organ, treated for injuries at an Ocala hospital.

Mrs. Nellie H. Deis, Gainesville, secretary of the state organization, dislocated collar bone, badly lacerated leg and shock.

**OFFICERS CHOSEN
BY FINANCE GROUP**

A. B. Smith, of Atlanta, Thursday was elected president of the Georgia Association of Personal Finance Companies. Other officers chosen are: A. B. Madison, Atlanta, vice president; Charles T. Dismar, Atlanta, secretary; W. T. Fisher, Atlanta, treasurer; and R. D. King, Atlanta, chairman of the executive committee.

W. Frank Persons, Washington, executive vice president of the American Association of Personal Finance Companies was the speaker at a luncheon Thursday afternoon of the Georgia group at the Atlanta Athletic Club. He spoke on "The Trend of Our Affairs."

Baby Winning Fight In Oxygen Chamber

A five-day battle for life by a 6 weeks old baby seemed victorious to doctors at Crawford W. Long hospital Thursday night when Sarah Louise Adams, daughter of Dr. and Mrs. A. H. Adams, of Sandy Springs, was pronounced greatly improved.

The baby was brought to the hospital Sunday in a critical condition from pneumonia. An oxygen chamber was encompassed about the infant and she began to improve. The air chamber may be removed today. The baby is being nursed by Miss Sara Elizabeth Sanders, her aunt, a student nurse, who just one year ago was pronounced hopelessly ill from a similar ailment, and who was given up as lost by physicians.

DANIELS RESTS WELL AFTER AUTO SMASHUP

Joseph Daniels was reported to be resting easily at St. Joseph's hospital late Thursday. Quietness and no visitors were ordered by his physicians.

Doubt as to whether Mr. Daniels has a concussion of the brain was expected to be cleared up today, attaches at the hospital said.

The publisher of the Raleigh (N. C.) News and Observer, and wartime secretary of the navy received a long gash over the right eye and a fracture of the wrist Wednesday afternoon when the car in which he was riding with Robert C. Alston, Atlanta attorney, was sideswiped and crashed into a tree on Pace's Ferry road.

Mr. Alston was injured only slightly. Mrs. Daniels, wife of the distinguished editor, is at the bedside of her husband. Attaches said that it would be several days at least before Mr. Daniels could be moved to his North Carolina home. Telegrams from friends all over the country were received Thursday by the former secretary, inquiring of his condition and with messages of cheer. Mr. Daniels was visited several times Thursday and Thursday night by his physician.

**JOB ARE LOCATED
FOR 5,800 BY CHEST**

Record of 5,820 persons placed in jobs in the last year, a decrease of only 73 from the figure of 1930 in spite of generally increasing unemployment, was announced Tuesday in the 1931 report of the Community Employment Service. This is the free employment bureau maintained through the Community Chest.

Along with the report, Miss Irene Colwell, secretary of the Community Employment Service, pointed out that this organization has listed for relief all persons being helped by the relief agencies of the Chest, and that anyone with a job to be filled may find help at once by calling Walnut 3142.

The proportion of persons placed in jobs to those registering was greater in 1931 than in 1930. Of 20,227 registering in 1930, 5,902 were placed in jobs; of 17,850 registering in 1931, 5,820 were placed.

The registrations in 1931 were: Women, 4,476; men, 6,356; junior department, 2,831; colored, 4,287; those placed in jobs were: Women, 1,318; men, 806; junior department, 1,659; colored, 2,046.

The percentage of those placed in jobs in the last three months of 1931 was 30.6. December was the month of greatest placement, due to seasonal activity. 51 per cent of those registering in that month having been given jobs.

Officers of the Community Employment Service, besides Miss Colwell, are Charles H. McFee, president; Lee Potter, vice president; W. W. Roberts, treasurer. The organization is affiliated with the United States employment service.

JAMES W. ROBERTS, WAR VETERAN, DIES

James W. Roberts, one of the oldest of the Confederate veterans, died Thursday morning at the veteran's home at the age of 93. Rites for Mr. Roberts will be held at 2 o'clock this afternoon at Spring Hill. Interment will be in Oakland cemetery.

Enlisting at an early age, Mr. Roberts saw service in the battles around Atlanta in Sherman's march to the sea. He was a native of Hall county, and had resided here for many years. He is survived by his wife, daughter, Mrs. Walter Withers, of Atlanta; two sisters and three brothers, including G. W. Roberts, of Atlanta. His wife resides at 31 Love street.

**COMMITTEE APPROVES
FIRST DEFICIENCY BILL**

WASHINGTON, Jan. 14.—(AP)—The senate appropriations committee today approved the first deficiency bill after adding more than a million dollars to the amount provided by the democratic house.

The measure, carrying \$126,294,119 for various government departments, is expected to be taken up in the senate tomorrow.

Among the items added by the senate committee was \$135,162 for acquiring land at Kelly Lake, Texas, for the war department. It cut \$50,000 from the sum allowed the George Washington bicentennial commission.

HOOVER CONSIDERS HOLMES SUCCESSOR

WASHINGTON, Jan. 14.—(AP)—Western names got the call today as President Hoover began work on the difficult job of selecting a man to take the seat in the supreme court vacated by Oliver Wendell Holmes.

Senatorial callers at the White House received the distinct impression that Mr. Hoover was looking to the west coast, now unrepresented on the court, as he went over a huge list of available names.

Among those receiving consideration

by the president were Judge William P. James and Judge Curtis D. Wilbur, of California; Senators Steiwer and McNary, of Oregon, both republicans, and Senator Walsh, of Montana, and Bratton, of New Mexico, both democrats.

DISTINCT EARTH SHOCK IS FELT IN NORTHWEST

PORTLAND, Ore., Jan. 14.—(AP)—A distinct tremor, attributed to an earthquake, was felt in Portland and at Vancouver, Wash., at 8:30 a. m. today.

INDIA STILL SEETHES AS RUIN APPROACHES**Commercial Fate of Nation in Balances as Business Almost Ceases.**

BOMBAY, India, Jan. 14.—(AP)—While Great Britain is temporarily victorious in the "non-violent" struggle, nationalist India is smoldering with bitterness and is threatened with commercial ruin of her own design.

Since Mahatma Gandhi was snatched from his bed and imprisoned two weeks ago, the government's repressive ordinances have temporarily throttled the civil disobedience campaign without major disorder, but business has almost come to a standstill.

Of minor interest today was the imposition of a fine of 25 rupees each on four boys under 10 years of age who had urged that their school at Surat be closed in protest against Gandhi's incarceration.

The headquarters of the local branch of the nationalist congress at Lucknow was closed by authorities and 40 persons were arrested. Nationalist organizations in the Bengal district to the number of 272 were outlawed by officials at Calcutta.

Putting patriotism above their monetary losses, Indian merchants here declare they will not rest until their apostle is released from Yeroda prison, the ordinances are repealed and the nationalist demands for independence are granted.

GIANT WHISKY STILL SEIZED IN CHARLOTTE

CHARLOTTE, N. C., Jan. 14.—(AP)—Police early today captured a gigantic whisky still, destroyed 14,000 gallons of whisky and mashed and arrested four persons in a raid on a supposedly untenant house within the city limits.

New Anemia Treatment Perfected by Science

ANN ARBOR, Mich., Jan. 14.—(AP)—A new and simplified treatment for pernicious anemia, eliminating many of the uncertainties and difficulties of present treatments, has been perfected by research scientists at University of Michigan.

The new treatment involves intravenous injection of concentrated liver extract and obviates the necessity of frequent doses of liver, liver extract or substitutes administered by mouth against which patients rebel.

LIFE IMPRISONMENT FIXED FOR HIGHTOWER

MOUNT STERLING, Ky., Jan. 14.—(AP)—A jury of blue grass farmers and a barber today convicted William Hightower, 77-year-old Evans coal digger, of counselling the death of a Harlan county deputy sheriff, and fixed his penalty at life imprisonment.

The verdict was the second conviction obtained by the commonwealth in the prosecution of 30 strikers on charges of murder and conspiracy growing out of the slaying of Jim Daniels, a deputy sheriff-mine guard, in a gun-battle between strikers and officers.

W. B. Jones, secretary of the Evans local, United Mine Workers of America, was convicted previously on a similar charge and also sentenced to life imprisonment.

Tornado Dehors Cow On Mississippi Farm

COLUMBUS, Miss., Jan. 14.—(AP)—Jack George's cow today was minus her horns. The tornado blew them off Tuesday when the cow weathered the storm in an open field. Jack invites anybody who doubts it to come and look at the cow.

C. OF C. WILL HEAR WILLIAMS TONIGHT**Annual Banquet of Civic Group Will Be Held at 7 O'Clock.**

What the rest of Georgia thinks about Atlanta will be the theme of an address to be delivered by Jack Williams, president of the Georgia Press Association and editor of the Waycross Journal-Herald, in an address to feature the annual banquet of the Chamber of Commerce, to be held at the Capital City Club at 7 o'clock tonight.

The banquet also will be participated in by the Junior Chamber and the women's division of the parent body. A number of other speakers will deliver brief talks on the work being done by their respective groups, climaxed by an outline of the program adopted by the chamber for 1932, by Roy McCraw, president.

N. Baxter Maddox will serve as toastmaster, and others who are expected to speak are Ivan Allen, head of the industrial bureau; Alfred C. Newell, national councillor to the United States Chamber of Commerce; Rayford W. Tharpe, president of the Georgia-American; and Mrs. Nellie E. Egan, president of the women's division.

With Mr. Williams as guest of honor, the banquet will be given over largely to the press fraternity of Atlanta, among those invited being John Paschall and John A. Brice, of The Journal; Herbert Porter, of The Georgian-American; and Clark Howell Jr. and Francis W. Clarke, of The Constitution.

Thursday night, Mr. Maddox disclosed that approximately 400 persons have made reservations for the dinner, and it is expected that it will be the most outstanding banquet in the history of the local trade organization. An interesting musical program has been arranged, with Vaughn Osmer and Mrs. Bernice Johnson programmed to render a number of vocal selections, to the accompaniment of the Southland orchestra, as well as other entertainment features.

Past presidents of the senior and junior chambers will be present, and Horace Russell, immediate past executive of the chamber, and Frank Shaw, immediately past president of the junior organization, will be presented with honorary certificates for their services.

VETERAN NEWS MAN TO JOIN NEW PAPER

KNOXVILLE, Tenn., Jan. 14.—(AP)—Colonel J. A. Dunn, east Tennessee's dean of newspaper men, tonight announced his resignation from the Knoxville Journal, with which he had been connected 41 years.

He becomes editor of the Knoxville Times, a newly-launched republican daily.

Colonel Dunn started as a "cub" reporter on the Journal in 1890, and subsequently held all editorial positions with the newspaper. For 38 years he was closely associated with

Duluth Woman Revealed As Lipton's Sole Love

DULUTH, Minn., Jan. 14.—(AP)—The only woman the late Sir Thomas Lipton ever loved was revealed here today as Mrs. Catherine Stewart of Duluth.

She confirmed a newspaper story in which the writer told of a conversation with the noted Irish sportsman, who said he had remained a bachelor because his first love married someone else.

Mrs. Stewart said that when she was Catherine McLeod, living near Glasgow, Scotland, she met "Tommy" Lipton, a poor merchant. "Tommy" proposed to her, but her parents advised her to wait until she was older before marrying.

Lipton moved to England and later Catherine McLeod married Robert Stewart.

the late Captain William Rule, editor of the Journal.

For the past seven years he has written a column, "Seen and Heard," for the newspaper.

TECHNICALITY DELAYS RAIL WAGE DISCUSSION

CHICAGO, Jan. 14.—(AP)—Deliberations of the railway brotherhoods and a committee of nine railroad presidents were deferred until tomorrow when Daniel Willard, chairman of the executives, announced that a question of the authority vested in some of the railway presidents had arisen.

Willard, who is president of the Baltimore & Ohio railroad, said that "some sort of restrictions on the authority given the railway committee of nine by some of the western roads and one far eastern line" needed clarifying and he would immediately telephone the railroads in question to straighten out the technicality.

BLACKWOOD URGES SLASH IN EXPENSES

COLUMBIA, S. C., Jan. 14.—(AP)—Governor Ibra C. Blackwood asked "immediate reductions of public expenditures and the elimination of worthless functions" Wednesday in his annual message to the South Carolina general assembly.

"The people of our state are burdened by taxes and depressed by general conditions," Governor Blackwood said.

"There is in this hour of necessity much opportunity for courageous endurance and heroic achievement. The South Carolinian who sulks in his tent or traffics in personal or political expediences at this hour should be known by all men as unworthy of public trust and public honor."

Now she is

BEGINNING TO LIVE

An appetizing cereal, bringing "bulk" and Vitamin B, stopped the source of those dull headaches, and premature wrinkles

SHE had been a sufferer from constipation for years. It sapped her enthusiasm and energy, took the sparkle out of her eyes, and made her skin sallow.

Every night she dosed herself with pills and drugs—in bigger and bigger quantities as time went on. They gave only temporary relief. Then, fortunately, she read an advertisement about Kellogg's ALL-BRAN (just as you are doing now).

She tried this delicious cereal. The results were surprising. She found she had a lot more energy at the end of a day. Her skin lost its sallow hue. Her drabness departed. Her friends discovered in her a new and colorful personality.

The gentle, natural way to relieve common

CONSTIPATION

FOR THE CHILDREN: Tune in Kellogg's SINGING LADY every afternoon except Saturdays and Sundays at 5.30 Eastern Time, over WJZ, WLW, WBAL, WCAR, WJR. At 5.15 Central Time, KOIL, WREN, KWK; at 6.00, WGN. Songs and stories children love.

How could so simple a thing as eating a cereal effect this great change? Here's why. ALL-BRAN brings two things that check common constipation. "Bulk" to exercise the intestines. Vitamin B to help give them tone. ALL-BRAN also supplies iron for the blood.

This "bulk" in ALL-BRAN is similar in action to that of lettuce. Inside the body, it absorbs moisture, and becomes a soft mass, which gently clears the intestines of wastes. Try two tablespoonfuls daily—serious cases, with every meal. If you suffer from intestinal trouble not relieved this way, consult your doctor.

Special cooking processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming. Equally tasty as a cereal or in cooked dishes. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Merita announces the most notable Achievement in its history of Fine Bread Baking

*A New Bread
with Baked-in Flavor*

**"BAKED-IN"
FLAVOR**

Merita
TRADE MARK
SLICED BREAD

THE most startling discoveries are often the easiest to understand. And so it is with this thrilling new method of bread making which Merita bakers have perfected.

Even a housewife so young that mother's cook book is still a mystery can instantly appreciate why the new Merita "Baked-in" Flavor Bread is distinctly better than ordinary breads could possibly be.

How many times have you gone into your own tidy kitchen when bread was being baked and thought that surely nothing is more appetizing than the flavorful aroma of bread in the oven.

Haven't you often said, "I wish bread could be as good as it smells when it's baking?"

Now you can have bread just that good.

For the delectable aroma of "baking day in the kitchen" is caused by the bread flavors escaping from the bread.

By a perfected method, dramatic in its simplicity, Merita bakers have found a way to capture these elusive flavors that ordinarily bake away and retain them in the loaf you buy.

The New Merita Package Eliminates Guesswork

Merita Baked-in Flavor Bread is packed in a new and exclusive transparent wrapper so that you can see the golden goodness of the loaf you buy, while it remains tightly sealed from dust and careless hands. No longer need you run the risk of getting a poorly baked loaf. The new Merita loaf is made in the new long size—more slices that fit your toaster. Of course Merita is still packed in the patented tray which keeps your bread shapely and retains its freshness long after the ordinary loaf has grown stale.

But the new process of making the Merita Baked-in Flavor loaf does infinitely more than that.

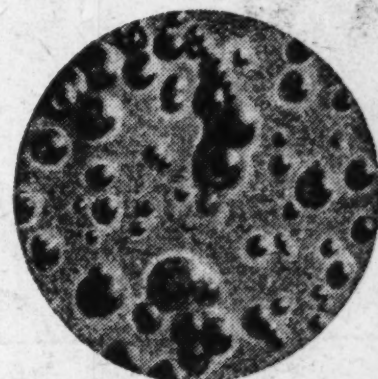

When the flavor is baked out of ordinary breads, it also means that much of the rich nutrition value has escaped in the baking process and the texture of the finished loaf is coarse and full of holes.

The Merita Baked-in Flavor loaf is quickly distinguishable by the smooth silky texture of the slices, which is, in itself, proof that the flavor has been baked-in.

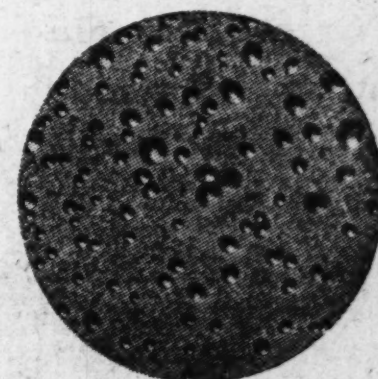

Push back the new transparent wrapper from a golden loaf of this new bread. You can smell the old time "it's baking day" aroma instantly.

Bite into the tender brown crust and fine textured crumb. Then you'll know why no other bread can be like Merita and why Merita will forever after be at the top of your shopping list.

*What Baked-in
Flavor means*

Above is an illustration of what you would see were you to examine a section of the top of an ordinary loaf of bread under the microscope while it was being baked. Here you see the microscope has revealed the large irregular bubbles that allow the flavor of the bread to escape and bake out. Much of the flavorful goodness of ordinary bread is thus baked away and the texture of the ordinary bread is left coarse and full of holes.

Here is a view of a section of the top of a Merita Baked-in Flavor loaf as it would appear under the microscope while the bread was being baked. Notice particularly the bubbles. They are much smaller and of more uniform size than those shown on the ordinary bread above. It is the smallness of these bubbles that keeps Merita flavor from escaping and gives Merita Baked-in Flavor bread its satin-smooth texture, its "baking day" flavor. It also makes Merita keep longer because the large holes left in the texture of ordinary breads will not retain freshness.

Make this Test

No better proof of the fact that Merita Baked-in Flavor Bread is distinctly superior to ordinary breads could be had than that disclosed by a simple test which you can make yourself. Compare the texture of a slice of Merita Baked-in Flavor Bread with the texture of a slice taken from an ordinary loaf. Note how smooth, how satiny and regular the Merita texture is. Then notice the other slice. It is coarse, full of air holes and crumbles easily. Finally, taste the two slices. You'll need no further proof of the difference which baked-in flavor makes.

AMERICAN BAKERIES COMPANY

ROADS CONFIDENT,
ATTERBURY SAYS

Pennsylvania Head, in
Address Here, Optimistic
Over Future.

Notwithstanding reverses at the hands of the interstate commerce commission and the effects of the general business situation, American railroads face the future with optimism, General W. W. Atterbury, president of the Pennsylvania railroad, asserted at the tenth annual banquet of the Traffic Club of Atlanta, Wednesday night at the Atlanta Athletic Club.

"We believe that things are going to be better," said the veteran railroad executive. "What is needed, probably, more than anything else at this time is a restored confidence on the part of the people, the bankers, and industry generally. Banks, especially, should not look so much to their hoarded liquid positions as they should for means of safe investment, which would place money in circulation and do a great deal to bring about a return to normal conditions."

The principal speaker of the occasion was John M. Fitzgerald, vice chairman of the committee on public relations of the Eastern Presidents' conference, who discussed the question "What is the Matter With the Railroads?" One of the faults of the railroads at present, he said, is that resulting from the necessity of operating under the transportation act, enacted by congress at the close of the World War and based upon conditions then existing.

"At that time," the speaker said, "it was humanly impossible to vision the unparalleled development of the motor car in commercial transport; the marvelous advance of the airplane as an agency of speed; and the attempt to have the government develop artificial inland waterways regardless of their location, cost of construction and maintenance, or even the need for them."

The railways, continued Mr. Fitzgerald, have been compelled to meet "a constantly expanding competition in the form of transport agencies which operate relatively free of governmental restrictions, and which are sometimes actually subsidized by tax funds to which the railways themselves contribute. While the railways have a definite and continuing obligation to the public which is protected by governmental regulations, competitors are free to seek such traffic as they find it profitable or convenient to handle. In the main, he said, the competitors "have practically no obligation to maintain a continuous and dependable service, or even a financial responsibility."

"Therefore," he added, "it must be apparent that there can be no real co-ordination of transport facilities until we have some constructive co-ordination of public thought, and until we chart our transportation policy

Long-Arm Coincidence
Entangles Criminal

MIAMI, Fla., Jan. 13.—(AP)—Winter visitors from New York and Brooklyn, victims of robberies in their northern homes, were asked by police today to view Pasquale Pecoraro and Max Gottsman, held in jail here as robbery suspects.

Local officials believed the two men responsible for several recent robberies, particularly in Brooklyn. Pecoraro was identified here by Mrs. Leroy Farris, winter visitor, as a member of a robber band that entered her Brooklyn home, bound Mr. and Mrs. Farris and several guests and ransacked the house. A pair of opera glasses and several rings found in possession of the men were identified by Mrs. Farris.

FINLAND WILL MAP
DRY REPEAL LAWS

HELSINKI, Finland, Jan. 14.—(AP)—Proposed legislation to repeal prohibition in Finland is expected to be submitted to a special session of parliament Tuesday.

The cabinet is expected to complete the drafting of its bill Monday, with indications that the measure would establish a state monopoly for the importation, manufacture and sale of alcoholic beverages.

THREE PLEAD GUILTY
IN DRUGGIST'S MURDER

MIAMI, Fla., Jan. 14.—(AP)—James R. Milligan, charged with participation in the New Year's Eve murder of Frank D. Palmer, druggist, formerly of Macon, went on trial today after three men indicted with him on first degree murder charges pleaded guilty and threw themselves on the mercy of the court.

C. D. Cason, one of the trio, pleaded guilty when he was brought into court for trial today. He previously had entered a not guilty plea, but the court he did not believe he could be acquitted.

Frank Moulton and Cecil James entered guilty pleas Tuesday. They and Cason probably will not be sentenced until after Judge H. F. Atkinson hears evidence in the case.

SOUTHERN RAILWAY
OFFICIAL PROMOTED

Sydney Prince, of Washington,
Named General
Counsel of Road.

WASHINGTON, Jan. 14.—(AP)—Sydney Prince, general solicitor of the Southern Railway system since 1918, today was promoted to general counsel.

He succeeds the late L. E. Jeffries, general counsel and vice president, who died last Wednesday while attending an interstate commerce commission hearing. Although Prince does not have the title of vice president, he will have the same jurisdiction as Jeffries.

No new vice president was chosen by the directors when they elected Prince in New York.

Prince came to Washington as general solicitor after serving from 1911 as general counsel of the Mobile & Ohio railroad at Mobile. He is a graduate of the University of Alabama and of Georgetown University here.

Railroads included in Prince's jurisdiction include the Cincinnati, New Orleans & Texas Pacific railroad, New Orleans & Northeastern railroad, Georgia, Southern & Florida railroad, Alabama Great Southern Railroad Company and several smaller lines.

S. S. Alderman was named to take Prince's place as general solicitor, and John Hyde, also of Washington, was promoted from general attorney to general solicitor succeeding Alderman.

QUAKE SHAKES CITY;
MEXICANS IN FLIGHT

OAXACA CITY, Mexico, Jan. 14.—(UP)—The population of Oaxaca City was terrified today by a severe earthquake shock and a loud subterranean rumbling which sent the inhabitants fleeing into open fields.

The quake occurred just one year after the tremors which destroyed a large part of the city and many nearby villages in 1931. The natives had been somewhat alarmed for a week because of predictions—believed to be merely gossip—that another quake would occur today, totally destroying the city.

DAVIS WILL ASK BAN
ON RADIO LOTTERIES

WASHINGTON, Jan. 14.—(AP)—Lotteries would be banned over radio under a new provision of a comprehensive radio bill re-introduced today by Chairman Davis, of the house merchant marine, radio and fisheries committee.

The Tennessee democrat said he planned later to introduce another far-reaching radio bill of a more controversial nature on which he expected extensive hearings to be held. He said he expected to go deeply into the field of radio advertising.

Set-Back Match Runs
9 Years in Montgomery

MONTGOMERY, Ala., Jan. 14.—(AP)—The "bridge battle of the century" is now history, but the set-back marathon will continue here indefinitely.

The efficiency of no system is at dispute in this setback marathon that has been moving quietly along with weekly sessions since July, 1923, and has run up to a total of 400 meetings and \$2,000 games.

At present Algernon Blair, contractor, and his partner, O. O. Nelson, hold the lead with 4,187 games won against Mrs. Nelson and C. W. Crowell with 4,069 victories.

The quartet meets weekly, when possible, play begins promptly at 7:30 p. m. and continues until 10 p. m., when regardless of standing the cards are put up for another week.

NEGROES' LAWYER
ABSORBED IN 'PLOT'

CHATTANOOGA, Jan. 14.—(AP)—George Proctor, of New York, who said he represented a communist publication, New Masses, made public tonight an affidavit absolving George W. Chamlee, attorney, of all charges in connection with the alleged "frame-up" of one of two girls involved in the Scottsboro, Ala., assault case.

Miron Pearlman, Chattanooga prizefighter, recently charged that Chamlee had employed him to get the girl drunk and have her write a letter repudiating evidence she gave at the trial of eight negroes charged with attacking the girls. The girl testified the negroes attacked her and the defendants were sentenced to death.

Proctor said he sent Pearlman to Huntsville to get information for articles he was writing about the case. He said Chamlee, an attorney for the condemned negroes, had nothing to do with the plan.

HOOVER ARE HOSTS
TO FOREIGN ENVOYS

Italian Ambassador and
Wife Honored at White
House Dinner.

WASHINGTON, Jan. 14.—(AP)—At one of the most scintillating of White House dinners, with a table set for 94, President and Mrs. Hoover tonight entertained the ambassadors, ministers and charges d'affaires of every embassy and legation in the capital.

Secretary and Mrs. Stimson stood near the chief executive and first lady as they met formally with the world diplomats in the brilliantly

lighted east room. Chairman Borah, of the senate foreign relations committee, and Mrs. Borah, with Chairman Linthicum, of the house foreign affairs committee, and Mrs. Linthicum, likewise were near by.

But the enviable seats of honor beside the president at the table head fell to the lot of Ambassador de Martino, of Italy; dean of the diplomatic corps, and Signora de Martino.

Always one of the most brilliant of White House affairs, because of the display of heavily gold-braided court uniforms, swords and medals, the dinner tonight lacked none of its usual color. Diplomatic automobiles streamed through the White House gates, even before 8 o'clock.

After dinner in the dark-paneled state dining room, the men of the party retired to the upstairs library for coffee and cigars, while the ladies talked elsewhere. More guests came later. They were invited especially to attend a musicale at which Lenora Corona, soprano, and Gregor Platigorsky, cellist, were the artists.

COUNTY HIKES PAY OF JOB FOREMEN

Slight Increases Voted for Public Works Overseers by Board.

Salaries of all foremen of the Fulton county public works department Thursday were readjusted on a rising scale by unanimous vote of the Fulton county commission, which decided to set the standard pay for such overseers at \$175 a month. Action on the matter came during a special session of the board.

Formerly foremen of public works received \$185, but in the recent salary reductions they were cut to \$160.50. As a means of differentiating between classes of public work performed, the commissioners voted to make salaries of foremen \$175.

In an executive session which followed consideration of several minor matters, the board voted to allocate an additional \$2,700 annually to the office of W. S. Richardson, tax collector, and an additional \$2,400 annually to that of Edwin P. Johnson, tax receiver. These officials appealed for more funds, explaining that the merger of Campbell and Milton counties necessitated the engagement of additional assistants.

During the open session of the commission, it was voted to build a new convict camp in place of the abandoned one in old Campbell county, the new prison to accommodate 100 convicts. T. H. Perkins was named as deputy warden at a salary of \$175 a month, and provision was made for wages of assistants, guards and truck drivers. Action on providing for a similar camp in what formerly was Milton county was postponed.

Both Mr. Richardson and Mr. Johnson, in seeking additional funds, pointed to the enactment of the Beaman law providing for listing of taxable properties in separate parcels, as well as the merger of Milton and Campbell with Fulton county as greatly increasing the clerical work of their respective offices. On January 8 the commission had allocated to Mr. Richardson's office \$2,700 and to Mr. Johnson's \$2,400 annually to pay the salaries of an assistant from each of the absorbed counties.

DODGE ASSAILS ATLANTA CLERGY

write the charitable work of the sewing room or "keep silent" in regard to plans of the sewing room committee for Sunday movies to benefit the school children of the poor.

Dr. Dodge's statements are as follows: "Editor Constitution: The article in the Constitution, 'Ministers Defend Stand on Movies,' contains claims on the part of the ministers which are so well calculated to cause the possible defeat of the only plan thus far proposed in our community for providing for the needs of the poor and unfortunate, that these claims should be properly shown to be false.

"The ministers claim all of the credit for the creation and expression of the benevolent and philanthropic instincts of humanity. Besides being a bit immodest, this claim is simply not true. There are many other social institutions, such as the various orders of men, societies and civic clubs in which the light of charity burns quite as brightly as it does in the church. Our newspapers are constantly appealing for the spirit of generous service. Our business institutions lay upon their employees the sense of responsibility for their community's needs. This instinct is taught in the family, whether Christian or not. Our schools impress the same lesson, whether the teachers be orthodox church members or intelligent citizens. And native instincts of mankind itself would assert themselves in this manner whether there were any benevolently inclined social institutions or not. It is therefore a bit arrogant of the churches to claim full credit for a social attitude in whose creation and expression so many other institutions and forces play a large part.

"Ministers Claim Credit." "The ministers also claim the credit for the fact of the large majority of Community Chest workers being members of churches. Might not these other social institutions equally claim that they are their members or come under their influence? Do the churches not know that most of the criminals in jail are also church members? But do they accept the responsibility for this fact? Hence, the presence of many benevolently-minded persons on the church rolls is more of a coincidence than a cause; or is simply inevitable in a civilization where religion and its institutions are placed on the same grounds of respectability with other useful social organizations. Again, therefore, we say that this blowing of their trumpets before them ill becomes the proper modesty and humility of such altruistic and eleemosynary institutions as the churches ought to be.

Marvin Stevenson, 8, of 480 Waldo street, was carried to Grady hospital with his left leg broken in two places Thursday afternoon after he was struck by a trolley car on South Boulevard near Glenwood avenue. The driver, Paul Tallent, of Chattanooga, Tenn., is a delegate to the B. Y. P. U. conference here. The boy was said to have seen the car but was unable to avoid it. No case was made at the request of the boy's father.

Dr. O. B. Bush was elected president of the staff of Crawford W. Long hospital at the January meeting Thursday night. Other officers elected were Dr. Tom Goodwin, vice president; Dr. H. I. Phillips, secretary. Plastic surgery was discussed by Dr. C. D. Hixsmith, while progress in medicine was outlined by Dr. Frank K. Boland, after which a discussion of Sars led by Drs. A. H. Bunce and L. C. Fischer.

Accidental severance of the telephone cables at police headquarters Thursday night resulted in a temporary paralysis of the phone system Thursday. Water seeping into the underground conduits further hampered repairs to the service, which was crippled Wednesday night. It was determined that the broken cables had not been the result of deliberate tampering.

Commander Lewis D. Causey, in charge of navy recruiting station here, has been ordered to leave February 15 by Commander Edwin J. Gillam, now mere and business are evil, while worship and the performance of religious rites and ceremonies are good, is a reflection upon the integrity of every man engaged in business whose aim it is to serve through the medium of his work as the churches aim through theirs. Some commerce on Sunday is absolutely necessary in a civilization such as that of ours today, as it testified by the dairies, waterworks, power plants, street cars, service stations, drug stores, newspapers and perhaps the churches themselves. Man's need of entertainment, if he is to be controlled, is just as imperative as these other needs.

"To say that Atlanta would no longer be a 'decent city' in which to live if its theaters were open on Sunday would seem to imply that such cities as Jacksonville, Chattanooga, Cleveland, St. Louis, Denver, San Francisco, Chicago, New York are strictly taboo; and yet many millions of people seem to be fairly well content with their residence in these other indecent cities.

"The terrible tragedy about the ministers' stand is not only the fact that they are something evil in a thoroughly innocent and socially beneficial way of spending Sunday, but that they do not see anything evil in exalting the sacredness of a holy day above the needs of holy humanity and that they would rather send little children suffer and parents spend their hours in agony than that their interpretation of an ancient institution should be changed to conform to the needs of present-day civilization.

"Sincerely, 'WITHERSPOON DODGE, Minister Radio Church, Atlanta."

To Stop Itching In Two Minutes

This formula for skin diseases is astounding the most skeptical in the marvelous way it heals severe cases of eczema, tetter, ringworm, itch athlete's foot. The minute it touches the sore you feel a cooling, soothing sensation; in a few days you marvel at how your skin has healed. If you suffer with skin diseases of any kind, get from any druggist a 60c box of Tetterine, and get relief or get your money back.—(adv.)

Piles Go Quick

Without Salves or Cutting

Thousands of sufferers from itching, bleeding or protruding piles have learned that quick and permanent relief can only be accomplished with an internal medicine. Neither salves nor cutting remove the cause.

Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weak—the parts almost dead. To end "Piles" an internal medicine must be used to stimulate circulation, heal and restore the affected parts.

Dr. J. S. Leonard was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1,000 patients with the marvelous record of success in 980 cases, and then decided every Pile sufferer should be able to get HEM-ROID tablets from their own druggist with a rigid money-back guarantee.

Dr. Leonard's HEM-ROID has an almost unbelievable record of success right in this city. So why waste time on external treatments or worry about an operation when Jacobs Drug Store invite every Pile sufferer to try HEM-ROID with guarantee of money back if it does not end their Piles, no matter how stubborn the case?—(adv.)

BRIAND REFUSES POST AS LEAGUE MINISTER

Ex-Foreign Minister Reluctantly Declines Honor Offered by Laval.

BY RALPH HEINZ.

PARIS, Jan. 14.—(UP)—Aristide Briand, who was ousted from the foreign ministry for the first time in six years when Premier Pierre Laval reorganized his cabinet, tonight declined the premier's suggestion that he become a permanent French delegate to the League of Nations with the rank of cabinet minister.

Briand said he was grateful for Laval's offer, but he would reserve final decision for the future, after he has had an opportunity to recover from his present illness.

The decision of the veteran diplomat cast the first shadow over Laval's new government, which will face

a vote of confidence in the chamber of deputies within the next few days preparatory to defending French policies at the reparations and disarmament conferences. Briand had been responsible for the support which a considerable faction of the chamber gave the former Laval government, and his refusal to become a member of the government made uncertain the majority which the cabinet can command.

The interview between Laval and Briand was described as friendly.

"M. Laval and M. Briand discussed political questions affecting French and world opinion, especially in reference to the role of France at the League of Nations," an official communique said.

M. Laval warmly insisted, as previously, on the interest which France attaches to peace and the precious collaboration of M. Briand. Once more M. Briand observed that he appreciated M. Laval's offer. He declared he would prefer to study the juridical and diplomatic form in which he might contemplate eventual collaboration.

Briand spent all day in his apartment, receiving the expressions of good wishes of his friends and political associates. He said he planned to go to his farm in Cocherel soon for a complete rest, but the day for

Carolina "Home Fire" Kept Burning 50 Years

STATESVILLE, N. C., Jan. 14.—(AP)—The story of how Ephraim Scroggs, pioneer Iredell county resident, started a fire in his home on his wedding night which he and his wife kept burning continuously for 50 years has been told here by his niece, Mrs. Ellen Lippard.

In the 50 years, she said, the couple spent one night and one day away from home, but each time the fire was so well banked that it did not go out.

22 Girls Stricken By Food Poisoning

EL PASO, Texas, Jan. 14.—(AP)—Twenty-two girls at the Y. W. C. A. residence here were recovering today from food poisoning. All the girls, the residence matron, and a negro janitor were violently ill, physicians said.

Removal of his effects from the Quail D'Orsay has not been decided.

He was visibly moved by the visits of many political friends, who expressed their confidence in his policies and his conduct of the foreign office.

DIXIE AUTHOR WEDS DIVORCEE IN LONDON

LONDON, Jan. 14.—(AP)—Wilbur Daniel Steele, American author of Charleston, S. C., was married today to Mrs. Norma Talbot. The ceremony

took place in the Prince's Row registry office.

The bride is the former wife of Hayden Talbot, an American newspaperman who was a correspondent in London some years ago. They were divorced.

Better Than Whiskey For Colds and Coughs

The sensation of the drug trade Aspirinal, the two-minute relief for colds and coughs due to colds. Authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are supplied with the wonderful elixir, so all you have to do is to step into the nearest drug store, hand the clerk sixty cents for a bottle of Aspirinal and tell him to serve you two teaspoonsful. With

your watch in your hand, take the drink at one swallow and call for money back in two minutes if you cannot feel the distressing symptoms of your cold or cough fading away like a dream, within the time limit. Don't be haphazard, for all d-u-g-g-i-s invite you and expect you to try it. Everybody's doing it.

Take the remainder of the bottle home to your wife and children for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for children as well as adults. Quickest relief for catarrhal croup and children's choking up at night.—(adv.)

REIOLT AGAINST HOOVER FORESEEN

BY RAYMOND CLAPPER.
(Copyright, 1932, by the United Press.)

WASHINGTON, Jan. 14.—(UP)—An attempt to shape a prohibition policy independent of President Hoover's stand is to be made in the republican national convention, it was learned tonight.

Persons high in the republican party organization said a showdown fight would be made on the convention floor. It would be the first important struggle in a republican convention for the prohibition question has hitherto been easily disposed of by a simple law enforcement pledge.

Republicans have become much concerned over the prospect that the democrats may vote for a prohibition policy independent of President Hoover's stand is to be made in the republican national convention, it was learned tonight.

Girl Gives Up 'Lungs' In Vain Aid to Youth

TUCSON, Ariz., Jan. 14.—(UP)—

With the oxygen apparatus she sacrificed in a vain attempt to save the life of another patient again available if needed, and a second speeding westward by air from New York, physicians were encouraged Wednesday over prospects for recovery of Miss Alice Hilliard, stepdaughter of a Louisville, Ky., publisher.

The death today of Patten Levings, 12-year-old son of W. E. Levings, city editor of the Los Angeles Herald-Express, made available the Tucson breathing aid which Miss Hilliard relinquished so that it might be used in an attempt to save the boy's life.

Miss Hilliard, stepdaughter of Robert Bingham, publisher of the Louisville Courier-Journal and Times, is suffering from pneumonia. Young Levings died after a mastoid operation.

ing it had denounced the 18th amendment. He said the association had taken no action.

Prohibition is giving republicans great thought. Many feel that President Hoover has tied his own hands and that if the party is to make any shift, it must be dictated by the convention.

One high party official said the platform committee unquestionably would bring in the usual law enforcement plank and lay it before the convention. The committee, consisting of one member from each state, will continue to be dry. But in the convention proper, where each delegate has a vote, the large states will have greater proportionate strength. This factor, it was said, accounts for the possibility that the platform committee might be overruled. Whether the convention would approve a referendum directly is a question. The probability is that if anything in this direction is adopted, it will be a general statement regarding the right of people to decide all important questions of policy.

President Hoover, in sending the Wickersham report to congress a year ago, reiterated his opposition to repeal of the 18th amendment. He also opposed the commission's suggestion for revision of the amendment to give states optional control over liquor traffic within their borders. He took much the same position in the 1928 campaign.

His friends, recalling this, say it would be difficult for him of his own volition to shift his position. If the convention should take another tack, Mr. Hoover could either ignore it or ignore it as candidates have always done.

The 1928 democratic national convention dismissed prohibition with a brief law-enforcement pledge. But the candidate, Alfred E. Smith, declared for modification. Many days declared this was contrary to the platform.

More witnesses ask LEGALIZATION OF BEER

Before the senate committee Representative Cooke, a republican of Buffalo, said "our prisons can be reduced, our homes devoid of stills and breweries, and our children provided with a purer atmosphere in which to live and develop" by passage of the Bingham measure.

Representative Baldrige, republican, Nebraska, testified beer distribution, to houses through grocery stores and not served in public places, would be of "tremendous benefit" to this country.

Saying he did not care for liquor himself, Representative Maas, republican of Minnesota, told the committee he was a widower with three young daughters and he did not want the

responsibility of bringing them up under "present conditions."

He approved of the beer bill, but said it would be only a step toward a solution.

Dr. Dinwiddie's statement follows in full: "Repeated misrepresentation of the American Bar Association on the question of prohibition by Alfred E. Smith and John J. Raskob demand refutation in the interest of a fair discussion of the issue."

"Specifically, in a current magazine article Mr. Smith declares that the American Bar Association, among other organizations named, has 'announced the eighteenth amendment and has called for its repeal.'"

"Specifically, in his report to the democratic national committee on January 9, Mr. Raskob asserted that the American Bar Association has 'indorsed our recommendations that the prohibition question be submitted to the people.'"

"The fact is that the American Bar Association never has taken action for or against the eighteenth amendment. On the contrary the association expressly avoided taking any action at its annual convention in Atlantic City, N. J., last September 17. The secretary at that convention read a report of a referendum among members. Of approximately 26,500 members, 13,719, or about one-half, voted in favor of the eighteenth amendment. This report was merely read to the convention."

"The press reported there was only 'scattering applause' and the convention steered clear of even any discussion of the report. No action whatever was taken by the convention on this report. Both officers and delegates avoided bringing the issue to a head for formal action, and the association stands uncommitted. The policy of 'hands off' was understood and prevailed."

"Therefore, Smith and Raskob have incorrectly reported the American Bar Association as favoring repeal or in stating that it has taken any position whatsoever upon prohibition."

FORDS DROP INTEREST IN SHOALS OPERATION

Auto Magnate and Son "Out of It" After Appearing Before House Group.

WASHINGTON, Jan. 14.—(UP)—Henry Ford and his son, Edsel, automobile magnates, have abandoned interest in the industrial development of Muscle Shoals.

Edsel Ford so told the house military committee today in a session behind closed doors. The meeting was surrounded with the greatest secrecy, imposed by Ford as the price of his appearance.

But when it broke up, the manufacturer made his position clear, saying: "I have no statement to make for publication. We are out of it now."

The impression further was left with the committee that Ford interests now are just as glad the bid made a decade ago for the government's \$150,000,000 plant was not accepted.

Ford came at the committee's request to discuss the Muscle Shoals situation and brought with him William B. Egan, chief engineer of the Ford company. After the meeting they lunched with Representative James, Michigan republican and acting committee chairman. Ford said plans were to return immediately to Detroit.

The Fords once offered the government \$5,000,000 for the huge wartime nitrate plants, agreeing to produce 2,000,000 tons of fertilizer annually and rent the dams on the Tennessee river for 100 years.

Oklahomans To Seek Farm Board Abolition

WASHINGTON, Jan. 14.—(UP)—The Oklahoma democratic congressional delegation agreed today to sponsor a bill for abolition of the farm board.

Bills will be introduced in the senate by Senator Thomas and in the house by Representative Swanwick.

The measure would transfer the board's co-operative work to the department of agriculture and eliminate price stabilization operations.

HARRY BYRD INDORSED BY VIRGINIA ASSEMBLY

STATE CAPITOL, RICHMOND, Va., Jan. 14.—(UP)—Phoenix Bank and Trust company at Richmond, Va., today announced that it had voted to indorse Harry Byrd for president of the United States today in the election.

The senate passed the measure by a rising vote, and the house of delegates, after unanimous action, stood and cheered.

The resolution was offered by Senator T. Russell Cather of Winchester, home town of the governor.

More Than 100 Schools Are Closed in Arkansas

LITTLE ROCK, Ark., Jan. 14.—(UP)—More than 100 Arkansas schools, affecting between 40,000 and 50,000 pupils, have closed in the past month, the state department of education reported today.

Decreased revenues, and the loss of money in closed banks were the principal causes given.

Dr. Howard A. Dawson, statistical expert of the department, said the average length of school terms for the state probably would drop back to the 1922 basis, as a result of the situation of these schools and the anticipated closing of others.

Canadian Trapper Sought in Shooting

AKLAVIK, N. W. T., Jan. 14.—(UP)—Mushing through the twilight of the arctic's six months' winter night, a determined squad of red-coated mounted police was followed on the trail today for a third attempt to dialogue a hermit trapper from his isolated Rat river cabin.

Twice the trapper, who is well supplied with ammunition and rifles and who has withstood the attack of police.

The hermit, Albert Johnson, is accused of shooting and wounding Constable A. M. King, of the Royal Canadian mounted police, near King and Constable R. G. McDowell trekked to his cabin to question him concerning complaints of Indians that their trap lines were being robbed.

Through a raging blizzard, McDowell nudged a dog team the 80 miles to Aklavik with King on the sled, seriously but not fatally wounded.

SENATE GETS REPORT ON CHAIN STORE PROBE

WASHINGTON, Jan. 14.—(UP)—The federal trade commission today sent to the senate the fifth report of a series covering its investigation of chain stores under a senate resolution.

The report contained no conclusions or recommendations. It dealt with "leaders and loss leaders"—nationally advertised goods sold at reduced prices to attract buyers not only for the leaders but also for other merchandise.

The commission said the statement was frequently made that the common use of loss leaders and extensive advertising have been large factors in the development of the chain store business. Complaints have been made by independent retailers and others that chain stores sell leaders at times at prices below those which the independents must pay.

FARM BOARD INQUIRY APPROVED BY SOLONS

Committee Reports Favorably on Resolution Asking Probe.

WASHINGTON, Jan. 14.—(UP)—Senatorial critics of the farm board Wednesday were rewarded with a favorable report by the agricultural committee on a resolution for investigation of the board's activities.

The resolution, drawn by Senator Norris, republican, Nebraska, was referred to the audit and control committee to pass upon the \$30,000 asked to finance the probe, after which it comes back to the senate for a vote.

An amendment was attached by the committee to take in during the investigation the interstate and foreign marketing activities of private organizations and board co-operatives borrowing from the board.

All domestic exchanges dealing in commodities over which the board holds jurisdiction and their relation to the board's operations also will be probed.

GARDNER ASKS CUT IN STATE EXPENSES

RALEIGH, N. C., Jan. 14.—(UP)—Governor O. Max Gardner told the heads of state departments and institutions the state's financial condition demanded that all operations "not absolutely essential" be discontinued.

The situation is "so critical," he said, that North Carolina "cannot borrow further in New York in 1932."

He said plans for construction of new highways at a cost of \$4,800,000 and a new state prison at a cost of \$600,000 had been abandoned for the time.

KENTUCKY NEWS MAN FOUND SHOT TO DEATH

LOUISVILLE, Ky., Jan. 14.—(UP)—George R. Newman, former managing editor of the Louisville Herald-Post, was found shot to death in his apartment here late this afternoon.

There was a bullet wound in his temple and a pistol lay nearby. The body was found by Mrs. Newman, who had been out working on the Community Chest drive during the afternoon.

Newman, veteran Kentucky newspaperman, left the Herald-Post employ when the paper changed hands a few months ago.

Success Is Seen by B. Y. P. U. As Conference Here Ends

The second southwide B. Y. P. U. conference, which ended here last night, was pronounced a marked success by those in charge. Attendance of registered delegates passed the 3,000 mark, according to Joe Trip, official registrar of the convention.

Dr. W. F. Powell, pastor of the First Baptist church, of Nashville, Tenn., and president of the Baptist Sunday school board, while making the closing address of the three-day conference Thursday night, his subject was "Baptist Youth Matching the Hour," in which he made a plea for the members of the B. Y. P. U. to lead the other youth from the ways of sin.

J. E. Lambdin, of Nashville, was presented a heart made of gold pieces amounting to \$100, by the conference in appreciation of his part in the planning and carrying out of the convention here. It was presented by Dr. William Russell Owens, pastor of the First Baptist church, of Asheville, N. C., and a former Georgia B. Y. P. U. convention.

Dr. Powell, in developing his theme, pointed out that young Baptists can only fight the "evil" in the world today by living transformed lives of Christians; by endeavoring to transform the churches; and by using their influence to change a hostile world. He declared that the older people are not setting the proper example for the youths, Dr. Powell stated that the only way the world can be saved for Christianity is by the youths themselves. "God is using youth today to match this hour when the world needs real Christians to bring the lost to Christ," he said.

The early sessions of the final day were given over to talks on prohibition, missions, and the world situation by prominent speakers. Conference meetings discussed prohibition, moral standards, world peace, mission work and organization of B. Y. P. U.

Dr. Louis D. Newton, of the Druid Hills Baptist church, in Atlanta, in a talk on the present world situation in regard to peace, told a large audience "The only way for world peace is by transformation of individuals along the lines of Christ's precepts."

He also quoted Ramsay MacDonald as saying "he could see no way of averting a crash within 30 days."

Declaring that the sharpest weapon for solving the liquor problem is youth declining to drink liquor, Dr. Robert G. Lee, pastor of the Bellevue Baptist church, in Memphis, Tenn., said "An enemy as liquor is a wicked and cruel as any enemy we have. The fight is not over, and will not be over for a long time."

He charged bootleggers as being "profiteers in poison" and said that illegally sold beer was made up of alum, red pepper, oil of turpentine, lime, potash, saleratus, liquorice, hop pollen, saltpetre, arsenic, strychnine, water, alcohol, ammonia, honey, sugar, gall, jalap, copperas, sulphuric acid and nix vomica all mixed up.

Referring to beer and light wines as an aid to bring back prosperity he cited Germany and Austria as examples of countries that have legalized liquor but are in a bad way financially.

Most of the morning conferences were taken up in discussions of prohibition, moral standards, the world situation and missionary work. The afternoon conferences were given over to discussions on B. Y. P. U. organization and foreign missionary work.

Speakers on the day's program included Dr. Louis D. Newton, Dr. Robert G. Lee, Dr. Scott Patterson, former missionary to Africa; Jacob Gartenhaus, Baptist home missions in Atlanta; Helen Hart Paris, Dr. W. F. Ayers, John L. Hill, Dr. Edgar Goodbold, Kansas City, Mo.; Lyman Hatley, Winnie Rickett and Dr. W. F. Powell, resident Baptist Sunday school board.

One of the features on the afternoon program was a short play, "Let Us Forget," presented by a group of students from Bessie Tift College in Forsyth, Ga. The play was a presentation of the missionary work now being done abroad and an appeal for the young people to help it.

The group included Misses Leigh Carlson, Frances Whitworth, Carol Terry, Louise Waldron, Mary Bennett, Dorothy Eldred, Elsie Palmer, Bertha McAfee, Ollie McElveen and Ruth Carter.

The traveling male quartet from Oklahoma Baptist University, Shawnee, Okla., arrived in Atlanta via the hitch-hike route after spending three days on the road. They traveled over 1,150 miles on the trip and will leave Atlanta this morning for Shawnee.

where they expect to attend classes Monday morning.

The quartet, composed of Ray Northrip, Billy Sother, Amos Dunn and Ray McClung, gave several selections during their short stay at the conference. Two of the boys have been promised rides back to Oklahoma.

A sightseeing tour has been arranged for those who care to stay over this morning, according to an announcement Thursday. It will start at 9 o'clock this morning from the First Baptist church and will include all points of interest in Atlanta and vicinity.

BOARD ASKS LIFE FOR MANCHESTER

Continued from First Page.

Governor Russell, the majority held that in view of recommendations of "public officials, the majority of the trial jurors, several thousand residents of Bibb county and since the trial judge, now dead, did not oppose commutation, that public sentiment favored a life term for the youth.

Commissioner Jones' dissenting opinion read:

"I cannot concur in the recommendation of the majority for so many pieces of silver and the proven written confession of applicant in the record leaves no doubt as to his guilt, and this is confirmed by his statement at the trial, which is in effect a confession of guilt with a plea for mercy."

"The jury that heard this case visited upon applicant a death sentence and the fact that a different jury at a different term of court rendered a verdict against Mrs. Powers recommending her to mercy is no reason to grant commutation to life imprisonment to one who is a confessed murderer for hire. The failure of justice in the Powers case, if such is true, is no reason for a failure of justice in the Manchester case. The jury in the Powers case might within its province have found her not guilty. That would be no argument in favor of the plea of applicant for a change of the sentence in this case."

"Our system of jurisprudence and the trial of cases is based upon the verdict of the jury in a particular case, and that verdict should not ordinarily be disturbed because of a different verdict by a different jury with the same facts in the case, and nothing appears in the record subsequent to the trial which, in my opinion, makes it proper to disturb the verdict of the jury in this case."

"I, therefore, do not concur in the recommendation of the majority."

Manchester, whose recent 30-day route by Governor Russell at the personal request of Commissioner Stanley, expired January 3, must be sentenced before the penalty may be executed.

Commissioner Stanley said, however, that he did not believe the youth would be resentenced until after Governor Russell acted on the recommendation.

ROOSEVELT DENIES ATTACK ON SMITH

ALBANY, N. Y., Jan. 14.—(P)—Franklin D. Roosevelt, governor of New York and potential democratic presidential nominee, labeled as a "contemptible liar" the person circulating a report that he called his democratic predecessor, Alfred E. Smith, a "rotten governor."

The remark is attributed to Roosevelt in a current issue of a weekly magazine by an anonymous author, who carried the remark as an unsubstantiated rumor.

Asked about the report today, the New York governor snapped back:

"You can say officially and on the record that the same facts in the case of a story of that kind is not only a lie, but a contemptible lie."

The magazine article was based on the "confidential" notes of a conversation between Smith, democratic presidential nominee in 1928, and Roosevelt.

any of the other speakers mentioned the name of John J. Raskob, chairman of the democratic national committee, the audience echoed with applause. Raskob was among those near the speaker.

The governor took occasion early in his address to lead the work of Chairman Raskob in establishing a national committee headquarters in Washington three years ago "for the purpose of presenting the public information regarding our national affairs."

"To Mr. Raskob," said Governor Roosevelt, "we owe a debt of gratitude for making this work possible."

In approaching his remarks on party conduct, the governor said: "Campaigns in the United States at times have been won by an appeal to prejudice, by an appeal to ignorance, by the picturing of principles in false colors, by the presentation of candidates dressed in borrowed clothes. Prejudice cannot be kept alive if the facts are known; secrets cannot be hidden if they are known from the hilltops. 'Ye shall know the truth and the truth shall make ye free.'"

"Hand in hand with the campaign to spread knowledge and thereby in the long run eliminate prejudice, we have a further task as a party—to conduct ourselves that we shall never be made the object of the accusation that we have dealt our opponents a blow below the belt. I refer especially and specifically to many men and women in the United States, members of both great parties, who have forgotten their sense of fair play and at the same time the fact that their victim of the moment is the president of the United States."

State Tax Rights.

Reviewing tax situations, the governor said:

"The time has come for the 48 sovereignties which have created the original purchaser of government bonds to Washington. 'Let us follow the original principle established in the constitution in 1787. That the states give to the federal government certain specified powers and reserve to themselves all other powers.'"

"We must say to each other and to the federal government, '... let us establish for times of peace a definite apportionment of the whole field of taxation.'"

"To the federal government we will give adequate sources of taxation to meet the administrative needs of the federal government as a government of definite delegated powers. All other sources of taxation we, the states, reserve under the constitution."

"When this is accomplished, it will be possible for the state sovereignties to scan this reserved field of tax sources and to determine which elements of that field we will accept and justice be allocated as tax sources to local government."

John W. Davis, democratic presidential candidate in 1924, detailed the objectives of the fund-raising campaign of which the "victory" dinners are a part, and said "our campaign has no connection, even the most remote, with the aspirations of any possible candidate."

Campaign for Funds.

"We are out to fill the war chest—to choose a commander, dictate strategy or map the battlefield," he said.

raising the leadership of Chairman Raskob and Executive Chairman Shouse, Mr. Davis said "If this constructive work is carried forward actively in a militant fashion, as it has been carried forward during the last two and half years, we will secure a still greater triumph next November."

Representative Henry T. Rainey, of Illinois, majority leader of the house, asserted "We have enacted into law during the present session more major propositions than any other Congress ever enacted in a like period of time during all my period of service in the house of representatives, which extends now over almost 30 years of time."

He praised the democratic tariff bill, which was passed by the house last week, and said "We can charge to republican politics and republican presidents and republican cabinets the distressing conditions under which we labor now."

"It is our problem to reopen our factories. It is our problem to restore to our government bonds and the market value they ought to have. It is our problem to save the railroads and banks from threatened ruin and disaster. It is our problem to bring back to this country as many as possible of the 2,200 American branch manufacturing plants now operating back of the tariff walls of other countries, utilizing their cheaper labor and using their raw materials."

"Hope for the future depends upon the ascendancy again by the party of Jefferson."

Toastmaster Davis announced gifts totaling \$225,000 had been made before the campaign began. He said he had received during the dinner a telegram from Missouri adding \$1,000 to their total and one from New Mexico announcing that the state had already had been passed and the contributions forwarded to democratic headquarters.

Eight hundred of those at the dinner signed pledges to aid the "victory drive."

WARNING NOT SOUNDED AGAINST OVERCONFIDENCE

CHICAGO, Jan. 14.—(P)—A warning against overconfidence was sounded tonight by Jonett Shouse, chairman of the democratic national executive committee, as he told Illinois party leaders a sweeping national victory was in sight.

"The victory is ours if we hold to it and do not let our enthusiasm be cooled by the same facts in the case of the 'victory' dinner of Illinois democrats. 'If, on the contrary, we take it for granted that we are go-

deafening applause. In his message, Governor Roosevelt said:

"In no spirit of overconfidence or of megalomania, the democratic party asks responsibility of the government because it is more representative of the people as a whole. It can bring the people's statement of their will and the ideas of the people."

Slightly less applause greeted a message to the meeting from former Governor Alfred E. Smith, democratic nominee in 1928. Eugene Cullen greeted a message from John W. Davis, democratic nominee in 1924.

Cohen Sees Victory.

In his letter, Major Cohen said:

"To my deep and keen regret, owing to a recent operation, from which I am convalescing, I cannot be present at the victory campaign dinner. Please be assured, however, that my whole-hearted interest will attend you and our fellow Georgians who will counsel together on this occasion for the success of our beloved party in the state and national campaign of 1932."

"We all remember with grateful pride the splendid record made by our party in the campaign of 1928. While others were bending and breaking beneath the storm, our ranks stood unwavering in loyalty and indomitable courage. Our party brought us renewed courage and purpose for the yet greater battle now drawing near."

"I agree heartily with you that the first step toward victory is preparedness, and that we should not wait until the mobilization of our forces and provide our arms, but should begin at once."

"Rarely, if ever, has so great a promise of an opportunity for success and for service called to the democracy of our state and country. The thought of those days brings us renewed courage and purpose for the yet greater battle now drawing near."

'Second Man' Proves Smart Comedy In Hands of Little Theater Players

Deft handling of bright lines and smart situation makes saucy diversion of "The Second Man," as presented Thursday night at the Woman's Club by the Little Theater of the Studio Club. A second performance will be given at 8:30 o'clock tonight.

This modern comedy by S. N. Behrman demands of its interpreters an adroit touch and a fine perception for the proper presentation of its unusual characters. Happily, these essential talents were manifest to a thoroughly gratifying degree in each of the four principals.

Revolving about a cynical young writer, the story points no particular moral, we are happy to report, and it is not at all a comedy of the "what if" type, but it certainly does provide plenty of amusement along its merry course—and what more could one want of a play?

Basically the plot is this—a wealthy woman loves the cynical scribbler as does a poor but beautiful girl; a distinguished but incoherent young clerk for the young man conceives and executes a plan to marry the latter, and the comedy is a study in the psychology of the characters.

Grace Harvey, Heyl brings the requisite poise and distinction to the part of Mrs. Kendal Frayne. The accomplished hand of Arthur Maitland, the director, shows in the professional pace and tone of the production and in its technical flawlessness.

Matt J. Jorgensen's setting is outstanding in the young man's concept of the play, while the lighting by William R. Elias is pleasing and appropriate.

5 HELD AS WITNESSES IN VIRGINIA SLAYINGS

Four Negro Men, Woman Jailed as Police Seek Murder Suspect.

MIDDLEBURG, Va., Jan. 14.—(P)—Four negro men and one woman were held tonight by authorities as material witnesses in connection with the murder of Mrs. Agnes Boeing Halsey, wealthy sportswoman, and her maid, Middleburg authorities announced the negroes were held on the understanding that they had been in contact with George Crawford, murder suspect, both before and after commission of the crime here Tuesday night.

The names and whereabouts of those held was not given, to protect them from any possibility of mob violence. Meanwhile, authorities gave particular attention to word from Camden, N. J., that two suspects were held by police there.

They are confident that the two men they now believe to have taken part in the murder headed east from Washington in making their escape.

neither the courage to face nor the political genius to solve."

He urged democrats, as sons of democratic stress, to fight together "once more for the things we have always carried nearest our hearts—for the democracy of Thomas Jefferson, for the integrity of the integrity of Cleveland, and for the progressiveness of Woodrow Wilson—principles which far outweigh the issues which temporary expediency has provided us."

For those who left the party in 1928 and are back in the fold, he said, "You are back in the house of your fathers."

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and mink and the world looks black, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause of your trouble. You need a liver tonic that will give you a new feeling in your liver. It should pour out two powerful liquid bile to your bowels daily.

If this bile is not flowing freely, food is not digested. It just decays in the bowels. You have a thick, sour, sticky mass in your bowels. It is a mass of decayed food. You have a skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, natural, gentle vegetable extracts. For when it comes to making the bile flow freely, but don't take for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. COMPROMISE SEEN ON REPARATIONS

Germany Believed Willing To Accept Extension of Moratorium.

Continued from First Page.

dictated the battle lines for the forthcoming Lausanne reparations conference. France has definitely rejected the declaration. Italy has indicated support of cessation of reparations and Britain has not been unfriendly to the German position, although it is admitted that the outcome depends on the possibility of adjustment or cancellation of debts owed the United States.

Germany would make every effort to avoid a one-sided default of reparations and suggestions were made as to compensation to the United States and other creditors if the proposals envisaged should be made effective.

Primarily, it was emphasized that Germany would prefer immediate cancellation at the Lausanne conference, but is ready to arrange a compromise providing for a six-month extension and, inferentially, for fixing of payments at 500,000,000 marks annually, which is the outcome depends on the possibility of adjustment or cancellation of debts owed the United States.

This arrangement would presume that France would allot part of the payments to the United States and other creditors, it was said, although French Finance Minister Pierre Etienne Flandin has frowned on the suggestion.

It was pointed out, that should France reject a division of the United States would be forced to bear the brunt of sacrifice.

The correspondent was assured that Germany is eager to attain a mutual accord with the creditor governments and no default of Germany's private debts would ensue if the present "standstill negotiations" regarding private debts culminate as expected.

If Germany obtains an agreement with her creditors for nonpayment of reparations after lapse of the Hoover moratorium, the Wilhelmstrasse will ask the United States for a similar arrangement for non-payment of the debt to the United States for mixed claims and arrears in the cost of the United States Army of Occupation, totalling 68,000,000 marks in 1932.

BRITISH SEE NO HOPE FOR PERMANENT SETTLEMENT
LONDON, Jan. 14.—(UP)—The British government was understood tonight to be preparing for the Lausanne reparations conference on the theory that the aloofness of the United States makes it impossible to arrange a permanent settlement of the debts problem at present.

It will be necessary to confine the Lausanne conference to reparations, excluding the question of war debts owed the United States, the government believes.

Only a brief moratorium can be arranged, thus keeping the question of a permanent settlement in the foreground of world problems in the hope that a permanent solution of the entire debts question can be arranged in the near future. Such action would be somewhat in line with suggestions in Berlin that a six-month extension of the present moratorium is contemplated.

Hope was expressed that the Lausanne conference will be concluded in 10 days.

DIVERGENT BALANCE SHEETS WILL APPEAR AT PARLEY

PARIS, Jan. 14.—European participants in the World War are drawing up widely divergent reparations balance sheets with which to confront Germany when she faces the former allies once again at Lausanne on January 25.

Confused from the beginning, the "reparations muddle" as it often is called, is anybody's guess and each country is preparing its own figures.

Since the armistice Germany has paid \$4,829,000,000, if the figures of the reparations commission are accepted, but Germany maintains that she has paid something like \$9,119,000,000.

The truth is that no official statement exists. The figures of the reparations commission, which died with the birth of the Young plan, never were official, but they were accepted by the allies as the most accurate available.

On its side, the German government is busy preparing totals. The indications are that these will be considerably higher than \$9,000,000,000.

The other two powers which are most interested—France and Belgium—contend they have not been paid enough to cover the actual damage to property by the German armies.

Belgium says she is still \$100,000,000 short, and her 1931 budget shows \$670,000,000 expended for rehabilitation of damaged areas as of December 31, 1931, while only \$370,000,000 were received from Germany as of June, 1931. This does not include any expenditure except for actual repairs to damaged property, the budget report says.

France says it is even worse off. Germany still owes the French \$2,859,000,000 for reconstruction, the 1932 budget shows. As of April 1, 1931, France paid out in repairing war damages \$3,915,000,000, and there remained \$200,000,000 to pay.

This totals for all reconstruction expenses \$4,115,000,000, but on April 1, 1931, only \$1,256,000,000 in German cash and kind had been registered in the treasury.

Great Britain's policy since the war has been to ask in reparations and other debts only as much as she paid to the United States in reimbursement of war-time loans.

No invading armies destroyed her property and England's interest in the reparations has been confined to getting enough money to pay her debt to America.

Until the Hoover moratorium put a temporary end to all payments, the British empire was receiving 23.05 per cent of all the cash and kind which Germany paid.

On the lower side of the continent Italy maintained a front during the war and as a result Germany has paid Italy about \$285,000,000, three-fourths of it in goods, and most of that in coal.

The original claims of the allies, mostly of France and Belgium,

Dog's Barking Helps Police Nab Burglars

"Frisky," an 11-year-old dog, is a heroine in her neighborhood today. She was directly responsible Thursday night for the capture by police of three negro burglars in the act of looting a grocery store on the corner of Memorial drive and Cottage Grove avenue.

About 11 o'clock T. P. Maddox, of 2409 Memorial drive, was awakened by the loud and persistent barking of "Frisky" who belongs to a neighbor, P. G. Lombard. Maddox glanced out of the window and saw a light in the corner grocery store, which has been robbed four times in the past two months. He immediately called the police, who sent a radio car to investigate. The officers found two young negro boys in the store, whom they arrested. They called W. B. Crow, manager of the store. When he came and turned on the lights a third negro burglar was found hiding just in the rear of the building.

amounted to a huge sum in the neighborhood of \$100,000,000,000.

The reparations commission asked the governments to lay their claims before it and when this was done the commission approved bills for slightly more than half that amount.

Germany protested and the commission set the total of all payments at \$53,800,000,000.

The Daves plan did not set a total but the Young plan calls for payment of about \$26,546,000,000, or half of the total which the original commission decided Germany ought to pay.

RENEWAL OF CREDIT REPORTED BY BANKERS

BERLIN, Jan. 15.—(Friday)—(P) Renewal of Germany's short term credits, amounting to 4,400,000,000 marks (about \$1,000,000,000) upon payment of 250,000,000 marks, was said by the Vossische Zeitung today to have been agreed upon by a committee of foreign bankers.

The committee has been meeting with German bankers to consider the credits, which were "frozen" during the latter part of 1931 under a "standstill" agreement.

CREDIT TO AUSTRIA EXTENDED BY BANKERS

NEW YORK, Jan. 14.—(P)—The group of American and European banks which advanced a \$200,000,000 credit to leading Austrian commercial banks have agreed to extend this credit until December 31, 1932, it was learned in Wall Street today.

HEIRESS GUILTY IN LOVER'S DEATH

Michigan Girl Given 20-to-25-Year Sentence for Second Degree Murder.

FLINT, Mich., Jan. 14.—(P)—Miss Helen Joy Morgan, daughter of a wealthy Flint businesswoman, was sentenced to from 20 to 25 years imprisonment today for slaying Leslie Casteel, her garage mechanic sweetheart, last April.

The 27-year-old defendant was sentenced by Circuit Judge James S. Parker after a jury had found her guilty of second degree murder on its 28th ballot.

Miss Morgan was denied bail pending appeal. She will be taken to the Detroit house of correction tomorrow. Miss Morgan heard the verdict calmly. Her only move was to scribble the word "guilt" on a slip of paper for her mother who is deaf. When sentence was passed the defendant upbraided the police and the prosecutor.

"I've been sold out!" she screamed. The slaying of Casteel climaxed a quarrel in an automobile parked on an unfrequented highway near Flint. Miss Morgan and her fiancé had quarreled frequently about the latter's attentions to other women.

The state charged her with deliberately shooting Casteel and asserted that she habitually carried a pistol. Pleading self-defense, Miss Morgan said she shot Casteel while she wrestled with him for possession of a pistol he had pointed at her.

The trial started January 4.

ATHENS WOMAN SUES SOUTHLAND EXPRESS

BRUNSWICK, Ga., Jan. 14.—(P)—Mrs. Lola Flanigan McDorman, of Athens, Ga., has named the Southland Express Company here defendant in a damage suit filed yesterday in the Glynn superior court.

The suit follows an accident June 10 in which the plaintiff charges a freight bus of the express company struck an automobile in which she was riding. The suit declares Mrs. McDorman was a passenger in an automobile owned by Claude A. White, of Athens.

Chief To Conduct Training School For New Officers

In the future Atlanta policemen will not begin their service as "rookies" or "boots," as they are known in the parlance of the streets, but will have the advantages of a specialized training in constabulary work, as the result of action of the police committee of council at its regular meeting Thursday night.

The police board instructed Chief of Police James L. Beavers to proceed at once with the installation of a departmental training school for those already in the department and also those who aspire to patrol a beat as a city policeman or supernumerary. The training school, under orders of the committee, will be in charge of a regular captain and a lieutenant, and those attending classes will be taught regular courses in police work.

Such a school operated until several years ago, when it was suspended. Chief Beavers recently recommended to the board that it be resumed and that every member of the department be compelled to attend classes, regardless of the length of service.

The committee also instructed the chief of police to take whatever action he deems necessary, no matter how drastic, to insure courteous and civil contact with the general public by policemen and officers. This action was taken on specific complaints in which it was charged that Captain Jack T. Malcom, chief of the traffic squad, and other members of the department, had been guilty of incivility and discourtesies toward the public.

The meeting adjourned after disposing of a number of minor routine matters.

CITY MAY REDUCE PAY, PERSONNEL

Continued from First Page.

they will demand full pay regardless of what reductions are made in other departments, it was announced Thursday night, following a meeting of the day watch at the Atlanta Labor temple.

Those attending the meeting were reticent about any discussion of what occurred in the executive session, but stated emphatically that no definite action was taken. The general trend of the discussions, however, pointed

to a flat refusal of the firemen to accept the slash.

Details Are Withheld.

Ballots will be submitted to all station and the men will be asked to signify their preference. When the results are tabulated it will be announced as the final decision of the men, whose salaries, it is said, are protected by charter provisions.

Although details of the employee elimination plan were not made public, the committee's tentative adoption of the program was by a large majority vote. Members of the committee discussed a proposal to create a division of revenue to handle taxes, street improvement collections, business licenses and similar collections, and also talked over abolition of the office of city marshal and transferring its duties to other departments, but reached no definite decision or understanding on either matter.

Councilman Claude Barnwell, chairman of the tax committee, told the committee that J. C. Little, of the tax assessors, polled his department and reported that it is 100 per cent with the finance committee on whatever action the committee takes with regard to salaries.

The committee voted tentatively to cut the criminal investigation budget of the police department from \$1,500 to \$900 for the year, this fund being used, it was said, to pay for information concerning crime.

Grady hospital's plan was tentatively approved with a provision that the hospital ask Fulton county for additional funds to add needed nurses and services, the county to pay on a patient per diem basis, and the hospital to care for the county's sick poor.

The committee voted to reduce the central section's street improvement appropriation from \$50,000 to \$25,000, and to allocate \$5,000 to each ward for the streets ordinary fund. All street widening projects were eliminated by the committee's vote.

Mayor James L. Key sat with the committee in executive session, and made it emphatic that he wants no changes of salaries other than a general 10 per cent reduction for this year only.

The committee will reconvene at 10 o'clock this morning, with Mayor Key as a guest and advisor.

Employees Protest.
Fifty city employees, meeting in the council chamber late Thursday afternoon, adopted resolutions protesting against a pay cut, in direct conflict with resolutions adopted a year ago by the Atlanta City Hall Employees Association expressing willingness to make any sacrifice in the interests of the taxpayers toward overcoming the city's deficit.

The employees' resolutions Thursday

declared that records in the treasurer's office show that the average salary of city workers is \$117.15 a month, and that records in the comptroller's office show that the current deficit was increased \$311,000 in 1931. On the other hand, the resolutions point out, tax fi. fas. increased \$328,000 in 1931, leaving the city \$217,000 better off than it was a year ago. The city collected 7 per cent interest on fi. fas. in 1931, and paid 4 per cent interest on loans, thus receiving \$50,329.27 more in interest on fi. fas. than it paid on borrowed money, the resolutions state.

Ed Gunn, of the tax collector's office, opposed concerted action on the resolutions, advising the employees to "let's go back and attend to our own business and let council run the city's business."

Tom Smith, of the electrician's office; Lawrence James, assistant city comptroller, and Ed Quok, of the waterworks department, pleaded for passage of the resolutions. The only dissenting vote cast was that of Gunn. Joe Ray, of the comptroller's office, who acted as chairman, said that he presided in the absence of W. E. Chambers, president of the city hall employees' association, who could not attend.

Committee Hears Teachers.
Led by Miss Allie Mann, president, a delegation from the Atlanta Public School Teachers' Association again appeared before the finance committee Thursday afternoon. The delegation asked that the city borrow money to pay the school teachers, "now that the \$700,000 loan of last year has been paid."

Councilman James L. Wells, chairman of the finance committee, said that the committee has been informed that it would be illegal to borrow money this year to pay last year's salaries or bills, but he suggested that the banks might loan the city enough

to pay the teachers half of their January salaries, the December salaries to be paid later in the year. Wells put this proposition up to Superintendent Willis A. Sutton, of the school department, but Sutton said that he had no authority to accept it. Later in the day, Sutton reported back to Wells that he had conferred with J. Ira Harrelson, president of the board of education, and that Harrelson pledged co-operation to the finance committee.

Comptroller E. Graham West told the committee that he has asked the clearing house association, which met Thursday afternoon, to advise him if the banks would agree to Wells' suggestion, but that he had not had an answer.

On the motion of Councilman Barnwell, the committee decided to pay the school employees half of their January salaries if arrangements can be made with the banks and if such a move is satisfactory to the board of education. The teachers are paid

MILK LEAGUE HEARS WALSH AND GLEASON

Robert M. Walsh, assistant state veterinarian, and M. D. Gleason, business review editor of The Constitution, addressed the first 1932 meeting of the Georgia Pure Milk League at the Fulton county courthouse Thursday night, both protesting against the import into Georgia of adulterated or artificial milk powders to be sold in this state as pure milk.

Mr. Gleason urged members of the league to launch a campaign in favor of pure milk and to advertise its food values, citing many reasons why dairymen play an important part in the life of a community. At the conclusion of his address he was elected official lecturer of the league.

"The way I figure is this: A fellow don't spend so much on himself but what he can afford to enjoy the best in smokes.
"Myself... I smoke Chesterfields. They cured me of rollin' my own. First off, you get better tobacco.
"I'm not knockin' the makin'... but it stands to reason Chesterfields wouldn't be where they are today if they didn't give you the finest tobacco. I like their aroma.
"Plenty of Turkish in Chesterfields... and you don't get that in the makin'.

And there must be something about the blend, too... you can't get a milder, better taste... not anywhere!

"Got a right good opinion of myself, but I don't figure I'm as clever as those cigarette-making machines. Every single Chesterfield is round and filled right... beats anything you can roll yourself. Besides, it smokes cooler and lasts longer. I've tried both, so I know."

Mrs. Wall Plans Party in Honor Of Atlanta Artists

Mrs. Mabelle S. Wall will keep open house on Sunday afternoon, January 17, from 4 to 6 o'clock, at her home on Peachtree street in compliment to prominent non-professional artists. Mrs. James H. Nunnally and Dr. George H. Noble Jr., whose work will be on exhibition at Mrs. Wall's studio. Mrs. Nunnally, who has painted for several years purely for the love of it and whose pictures have won the recognition of professional artists and critics here and in California, where she makes her winter home, will be represented by a group of oils of varied subjects. Dr. Noble, who finds recreation from his profession in sculpturing and who has lately attracted considerable attention by the busts of friends, relatives—whenever he can persuade to pose for him—will show a group of five pieces which will include a remarkable head of his father, Dr. George H. Noble Sr.

There will be an informal musical program given by Mrs. Joseph Lee Edwards, soprano; Frank Eastman, baritone; Miss Anita Colby, pianist; and Joseph Ragan, accompanist. Miss Ruth Draper, reader and teacher at Washington Seminary, will give readings of humorous and serious character. Miss Nancy Downing, talented young Atlanta girl who has been studying interior decorating in New York for several years, has designed and executed the setting for the exhibition.

Mesdames Andrew Fairlie, Charles Lordans, C. A. Meriwether, George Noble Jr., Misses Kate Edwards, Eugenia Snow and Miriam Davis and little Lucia Fairlie and Master Harry Barnitz will assist Mrs. Wall in entertaining. A distinguished guest will be the noted Polish pianist, Franciszek Zachara, and Mrs. Zachara.

Juvenile Court In DeKalb County Is Held Illegal

Juvenile courts in a number of Georgia counties, including DeKalb, were ended Thursday by a decision of the supreme court.

The court ruled that the legislative act of 1916 authorizing the superior court judge of any district to designate the ordinary of any county with less than 60,000 population as juvenile court judge was unconstitutional.

Mrs. J. E. Wages challenged the right of V. S. Morgan, DeKalb ordinary, to commit her son, 12, to the Georgia Training School for Boys at Milledgeville. Judge John B. Hutcheson upheld the authority of the juvenile judge but the supreme court reversed him and opened the law.

FRIENDLY COUNSEL BY CAROLINE CHATFIELD

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

DEAR MISS CHATFIELD:

A long time ago I was married to a young woman a few years my senior who was supposed to be a widow. I was always struck with her unusual beauty and the winsome sadness of her conversation. I was a young misanthrope and she was one of my congregation. A few days after my marriage I received a letter from my mother, intended, of course, to reach me before I was married, telling me a sordid story of a past that was unbearably reckless. It contained an enclosure from a friend of my family giving detailed account of a wild and bold career. My wife was not a widow but a divorcee, who had been deserted at the altar by a man who had learned of her shameful life. I went to my wife with these letters and she acknowledged that every word was true and she added that my informant had missed many details of a lurid character in the interesting drama of her life.

She refused to agree to a separation although I offered her ample financial settlement. She said she was tired of her wild life and was willing to about square if I would give her the opportunity. I agreed to live with her, hoping to avoid the embarrassment of a court trial. I am an old man now. I had to give up my ministry. I have been successful in another profession in spite of the fact that I had to shoot one man for invasion of my home and thrash another for a similar offense. These two incidents are but highlights on the life I have lived. Here is the tragedy: In my adopted country I have employed some 40 young women. Among them is a young woman of 30, circumstanced, prompt, accurate in her work, the most thoughtful soul I have ever known. She is always kind and considerate of me and equally so of my wife, now an invalid. I am mad in love with her but she doesn't know it. What shall I do?

ANSWER:

My dear Sir, I know what you will do because of what you have done. Having had to stick by a woman who had had to live with you and deceived you about her past, you will, in old age, not lose courage and desert her as a helpless invalid. Nor will such a man mock a young woman, not his wife, by declaring his love for her when he cannot offer her honorable marriage. Nothing but misery could come from such a declaration to the woman and misery to the man. There is not necessarily any guilt in such a love, locked in the heart, but the minute it becomes articulate it is a guilty love, and nothing can purge it of its guilt.

I have seen a few people in this life who have spent their days renouncing, always renouncing, what they wanted, what they had at their finger's tips yet what they could not take, held back by some unseen power that stayed their hands and hearts. They are brave enough to declare their love, but they are not brave enough to follow it up. One cannot think of them without a tightening of the throat and an ache in the heart. By all the laws that we understand, a man has the right to love and happiness. Yet by another law that we accept, and do not understand, he cannot reach out and grasp it without first taking reference to other things and other people beyond his control.

Culbertson Quite Satisfied Of His System's Superiority

(This is the last of a series of four articles by Ely Culbertson reviewing the games played every night through Columbia Broadcasting System and WGST: "You Try Somebody Else," "Call Me Darling," and "Wouldn't You Change Your Mind?")

BY ELY CULBERTSON.

(Copyright, 1932, by Ely Culbertson.) NEW YORK, Jan. 14.—After five days spent in an intensive study of the hands played in my bridge tournament with Sidney S. Lenz, my opinion of the forcing system of bidding has been strengthened immeasurably and my belief that the official system of bidding used by Mr. Lenz is the best of the modern systems to cover the vast majority of hands is buttressed by the most convincing proof.

Even a superficial study of the hands disclosed that it was adherence to the cardinal principles of the approach forcing system that enabled us to pile up our commanding lead and to reach a decisive victory.

The skill of Mr. Lenz and both his partners as players is not even open to question. Mr. Lenz's mastery play has been seen by me in every hand where and that of both Oswald Liggett Jr., if less well known, is equally deserving of praise.

On the Air Today

The A. A. U. bobsled championships for two-man teams over the Olympic bobsled run at Mr. Van Hovenberg, near Lake Placid, which will serve as the final tryout for two-man bobsled teams that will represent the United States in the Olympic winter games, will be described by Ted Husing, Columbia's sports announcer, over a nationwide WABC-Columbia "network" and WGST this morning from 10:30 to 10:40 o'clock.

Husing will be stationed at a point of vantage from which he will be able to view the winding down-slope of Mr. Van Hovenberg as the crack bobsled teams of the United States dash down this run around ice curves on huge 600-pound sleds at speeds ranging from 40 to more than 60 miles an hour.

Enrico Jernigan, who scored a tremendous hit as the guest singer on the Sunday night program of "Margie and Three Gentlemen from the South," will be featured in a 15-minute acetal from station WGST this afternoon at 4:45 o'clock. Malice Bean will be at the piano.

John M. Miller, who celebrates this week the golden anniversary of his start in business in Atlanta, will be guest speaker on Ann's Bookshelf, broadcast this morning at 9:45 over WGST. Mr. Miller is a pioneer dealer in books and is the proprietor of Miller's Book Store. "Ann's Bookshelf" is a special WGST weekly feature, bringing to lovers of good literature varied thoughts from authors.

The United Clothing Campaign will be described on the air Saturday night at 10:15 o'clock during the regular Constitution news broadcast when Mrs. Arthur Tracy, chairman, and Mrs. Louis Elsas, co-chairman, will be interviewed by Roy Robert, radio reporter.

Arthur Tracy, "The Street Singer," will feature songs typical of many different styles in his "Pillsbury Pageant" program at 8 o'clock tonight over the WABC-Columbia network and WGST: "You Try Somebody Else," "Call Me Darling," and "Wouldn't You Change Your Mind?"

Fritz Reiner, conductor of the Philadelphia Orchestra, will lead the 110-piece student orchestra of Curtis Institute of Music in a varied classical program to be broadcast today over the WABC-Columbia network and WGST. The orchestra will be directed by Rimsky-Korsakoff and Liszt will be given.

Mr. Schenken opened the bidding with one heart and Commander Liggett made a jump over to two spades. This was the final contract. He did not have available to him the overall in opponent's bid which was a feature of the forcing system and the equivalent of a strong take-out double. Using this bid in the approach forcing system, game in spades should have been bid and of course should beumps in the combined hands.

How the responses in the official system tended to shut out valuable information as to suit distribution is disclosed in the bidding of the hand below:

CHAPTER XII.
"But is he a capable man, May?"
"Yes, I think so. He is always talking of an invention he has made. He hasn't told me what it is. He's waiting for a letter. He's in a terrible state of nerves about it some times. I don't know that there's much in it. I imagine he is showing off a bit, making himself out more than he is for my benefit. But he may be capable for all that. And I shall certainly marry him. So that's that!"

Carla stroked the cool bedclothes reflectively, and her eyes darkened.
"Yes, that's that," she said. "You marry him, and I am left with Bobby, or someone else like him. You're an egoist, May, that's what you are. So long as it was only in fun you let me have everything, but now for the first time a man turns up whom we take seriously and who really is a man, and you simply take him without a word. Take care that that doesn't see anything, you say, and clear off. I am going to marry him, you say, and that's that. And what about me?" She repeated softly: "And what about me?"

May took Carla's bowed head between her two hands. They looked at each other. There was no time for tears, they just looked at each other.
"Yes," May said after a brief pause. "That's what the trouble is. I didn't know that you took it so much to heart. We always fall in love with the same man, only you see, Carla, darling, this time it's no good trying to go shares. We have no say in the matter. It's he who makes a distinction between us, and it's me he wants. That's the lovely thing about it. I don't think I wouldn't help you if I could. The right man will come along for you, too, if you only wait. It must not be Bobby, of course, though Bobby even has his points."

This was how the twins talked to each other at nights before going to bed. Meanwhile Martin, his heart full of love, wandered to and fro beneath the balcony as long as the yellow light shown through the curtains, and then, overwhelmed by emotion, turned into his hunt next to No. 26—the free quarters that Herr Birndt had placed at his disposal. He usually bumped his head in the doorway, and this reminded him that even the interior was too low to accommodate his full height. Inside there was a camp bed, a table and a chair. A row of pegs was all he had for his clothes.
A jug of milk was on the table, and a dish of fruit that filled the whole room with the scent of summer. In one corner lived a large spider, and Martin looked at it every evening with renewed joy. "A spider that brings joy and delight," he thought of the proverb, for he had become very superstitious of late. That came of waiting day after day for a letter that never arrived.

It had always been a matter of importance, of more than importance, but now when all was at stake, when it meant the winning of May Lyssenhof, the spoiled child of wealthy Herr Lyssenhof, everything, literally everything, hung on this letter. Martin sighed and lay down on his bed, which sighed in response. He took out his little account book and by the light of a candle made a few neat entries. The curves of his existence were pretty well reflected in this little account book.

For the days when it rained there were no receipts, and when it was then kept within strictest limits. Then they found entries such as: Half a liter of milk, a kilo of summer pears. Then for two days there were neither receipts nor expenses. Advance of one schilling from Herr Birndt. Supper at the Schwolschackel—80 groschen—followed upon this, an admission of intolerable hunger. A cross stood for a visit to the Dobbersbergs and a meal for nothing. Then came the days of fine weather, with receipts of four schillings 20 groschen and 5 schillings 40 groschen. The day of 23 lessons was the highest so far. Six schillings 90 was entered under that date, and opposite as expenses: Tea room with May, 3 schillings 20.

At this point, after the evening at the tea room that ended with the walk to the Zieritzplatz—an evening suffused with moonlight and love—signs of agitation entered into Martin's columns of figures. He had without dinner were set off against the white

trousers. In a space set apart were specified certain economies that would serve for the purchase of the tennis shoes. The Dobbersbergs crosses became rare, and the suppers at the Schwolschackel were omitted even on the days of big receipts, because Martin grudged the time for eating a meal when May was waiting for him along the terrace by the lake. On these occasions he merely put a piece of chocolate in his pocket to gnaw at when hunger became too clamorous. Being a swimming instructor was indeed a hungry profession. Even the laboratory when the atmosphere was thick with chloride did not give so keen an appetite as the Frösener air.

Martin did not dare think of the lab. It made him feel weak and sentimental. It was like a lost home to him. He went to bed. As Martin was tall and the bed shore, he had devised a method of his own for going to sleep. He hung his legs over the foot rail. Martin had some correspondence these days, even though the letter he was so certain of did not arrive. For example, he required a picture postcard of the public gardens at Linz completely covered with signatures, informing him that the water polo team of the Austria S. and R. Club had beaten the Linz club, 8-3. Hip, hip, hurrah!

Whereupon Martin without delay bought a picture postcard, and in congratulating his friend Hopfner, who was on the committee of the club, told him that he, Martin, was in very good form and training hard, and that his last time for the 1,500 meters was 21.36 in open water, please note. Further he had got to know a girl who belonged to the Berlin H. S. C. and was a remarkably fine diver. Hurrah! Or there came a letter from his mother which little Matz triumphantly delivered with beaming face. She wrote as mothers are accustomed to write: "My dear boy," it might be. "I am glad to hear that you are well and getting to know so many nice people. Perhaps one or other of them may be able to get you into a job. Be careful you don't get a chill swimming and don't jump into cold water when you are hot. I am very well and you need have no anxiety about me. I have paid three schillings to the pawnbroker on your bicycle so that you shan't lose it. I am rather at a standstill for the July rent. However, this week I have got some homework through the Distressed Ladies' Association—making dolls' clothes. The cold in my eyes is better, but I have been so clumsy as to break my spectacles. Yours very loving, 'MOTHER.'"

For two days after receiving this letter Martin was silent and absorbed. He made many reckonings and calculations, and consulted his little account book. Unfortunately, too, the weather broke and it did not actually rain, but chill and clinging mist descended from the hills to the lake, and the beach was dry no longer. Martin leaned despondently against the fence and stared across at the tennis courts. He had put his faded bathing cloak on but all the same he shivered. For two days he had gone without hot food, and between the cold and the wet and apples—sour green windfalls that were cheap to buy.

May put a kiss on her racket and sent it over to him from the tennis courts; after that it seemed a little warmer. Then, in spite of the cold, inclement weather Pampel Mayreder came with his mother and both had lessons.

Yes, Frau Mayreder, too, was now learning to swim. In spite of the fact that she could really swim already, she wanted to improve her style, so she told her husband as well as Herr Heil, and ever since then she had turned up every day and in all weathers. Poor Frau Mayreder! She really disliked the water. Secretly she feared the wet and the cold, and the hostile depths of the lake. Her daily bath was an act of heroic self-sacrifice. It was torture when Martin had to fetch the widest belt to strap her in. But nothing deterred her. Why did she not stay in peace in her Pension Seepitz on the outskirts of the village at the southern end of the lake?

No, something dragged and pulled at her and gave her no rest until she had said: "Come along, Pampel, we'll go and have our bath." (Continued Tomorrow.)

PEACH COURTHOUSE CONTRACT IS VOIDED

Contract, Declared Illegal,
Is Abandoned and New
One Signed.

MACON, Ga., Jan. 14.—(AP)—A three-year contract signed by Peach county officials with W. L. Houser, of Fort Valley, for courthouse quarters was abandoned today as illegal and a new one, for a term of one year, was signed in its place.

The action followed the presentation here of a petition for injunction brought by George H. Slappey, owner of the building formerly occupied by the court, in which he attacked the legality of the contract. The petition was filed in answer with an amendment stating the county had abandoned the three-year contract and had agreed with Mr. Houser to substitute a one-year contract.

Judge Brown signed an order directing restraining the carrying out of the three-year contract without deciding any issue of law or fact.

The litigation against Mr. Slappey was brought against Judge M. C. Mosley, of the Peach county court of ordinary. Judge Mosley ordered the removal and signed the contracts.

RUN-OFF IS NECESSARY IN PRIMARY IN WARE

WAYCROSS, Ga., Jan. 14.—(AP)—Waycross and Ware county voters today engaged in one of the most heated, but one of the most orderly county primaries in the history of the county. 36 candidates seeking the democratic nomination for 12 offices. The only unopposed candidate is J. D. Mitchell, incumbent, who will be nominated for clerk of superior court.

In three other races, those for judge of city court, solicitor of city court and surveyor, there are only two candidates for each office.

In the other races, for sheriff, tax collector, collector, coroner and county school superintendent, there is a strong probability that run-off campaigns will be necessary, the ruling of the county democratic executive committee requiring a majority vote for nomination.

The run-off primary will be held Thursday, January 28, two weeks hence. It is definitely determined that even unofficial returns will not be available tonight.

DOUGLASVILLE BANK DECLARES DIVIDEND

DOUGLASVILLE, Ga., Jan. 14.—At the annual meeting of stockholders of the First National bank of Douglasville, all the old board of directors was re-elected. The report of J. O. Sayer, cashier, showed an increase in deposits over last year of approximately 20 per cent. The net earnings for the same period increased about 8 per cent. The past due paper was the least in the history of the bank. A semi-annual dividend of 3 per cent was declared payable on January 15.

The following are the directors: A. A. Fowler, E. M. Huffine, J. R. Hutcheson, W. S. O'Neal, Astor Merritt and J. A. Sayer. At a meeting of the directors after the shareholders' meeting J. R. Hutcheson was re-elected president; J. O. Sayer, cashier; R. L. Lloyd, bookkeeper, and Astor Merritt, attorney.

Officers in Gun Duel.
SYLVESTER, Ga., Jan. 14.—According to Sheriff J. N. Sumner, a Deputy Sheriff D. S. Hudson, a lively gun fight occurred near Sumner Tuesday night when they visited the home of Edward Land. Neither of the officers were injured and Land escaped.

Colds and Coughs Yield to Calotabs

Medial writers agree that the important point in the treatment of a cold, or cough due to a cold, is to relieve the congestion in the nose and throat, thereby preventing serious complications which may follow a neglected cold. To stop this congestion Calotabs was the accepted and standard remedy until Calotabs, the improved calomel compound tablet, was introduced.

Now that science has robbed calomel of its nausea and danger, making it pleasant to take and perfectly safe for general use, over forty million Calotabs are consumed in the U. S. yearly with only the most pleasant and satisfactory results. In millions

Midville Political Jobs Open to Lowest Bidder

MIDVILLE, Ga., Jan. 14.—(AP)—Being a relative of the mayor will get you no political job in this man's town, unless you happen also to be the lowest bidder for the job. Conditions being what they are, and supply of jobs so much less than the demand for them, Midville city council has announced that appointive offices "will be given to lowest bidders, provided they possess necessary qualifications."

Ten are bidding for the job as chief of police, including the incumbent, W. E. Baxter; several are bidding for City Clerk L. V. Murphy's job, and there is competition even for position of garbage man, one white man bidding against several negroes.

METHODISTS CONDUCT INSTITUTE AT ATHENS

ATHENS, Ga., Jan. 14.—Nearly 300 laymen of 90 churches of this section attended the annual Kingdom Extension Institute of the new Athens-Elberton district, which was held in the First Methodist church here today.

G. L. Morelock, Nashville, head of the laymen's work in the Methodist church in the south, delivered the principal address at the morning session, which began at 10 o'clock. He discussed the world activities of the church in regard to the missionary work fostered by the Methodist church. The Rev. James L. Veach, president, elder of the Athens-Elberton district, presided.

Other speakers during the morning were Dr. Wallace Rogers, Atlanta; Miss Elizabeth Workman, Atlanta; Mrs. Richardson, Lavonia; and Mrs. Claude Tuck, Athens. Willis A. Sutton, Atlanta, and Louis L. Morris, Elberton, division lay elder and elder of the Hartwell Sun, were the principal speakers of the afternoon session.

The Athens-Elberton district includes 35 pastors and 15,000 members. Dr. N. G. Slaughter is lay leader of the Athens division of the district.

TAFT ROAD DELEGATES TO GATHER IN ROME

ROME, Ga., Jan. 14.—Representatives from every city between Chattanooga and Bremen located on Highway No. 1 are expected to attend a meeting here Friday night sponsored by the William H. Taft Memorial Highway Association, which is to be along this route.

Delegations from the various cities will convene here to create interest and discuss the proposed highway, which will stretch from Mackinac, City, Mich., to Fort Myers, Fla., through Cincinnati, Danville, Chattanooga, Rome, Atlanta, Columbus, Valdosta and Lake City to Fort Myers.

PULASKI INCUMBENTS TRIUMPH AT POLLS

HAWKINSVILLE, Ga., Jan. 14.—In the Pulaski county election today, W. B. Richardson, incumbent, defeated Lee Edwards for tax collector; Jim Hill, incumbent, defeated J. M. Butler for sheriff; J. J. Whitfield, incumbent, defeated M. Thompson for commissioner; Duke Perce, incumbent, defeated Charlton Adams and Grady McKinney for school commissioner. Re-elected without opposition were H. Haskins, ordinary; I. Mannheim, clerk; Lou Harrell, receiver, and Gus Coody, coroner.

WRIGHTSVILLE MAN ENDS LIFE WITH SHOT

WRIGHTSVILLE, Ga., Jan. 14.—(AP)—Willie Wilson, 35, ended his own life with a shotgun at his home, five miles west of here, yesterday, according to reports by county officers who investigated.

Wilson's wife and children were in the kitchen of their home when they heard the report of the gun. They entered the bedroom and found Mr. Wilson on the floor with the entire top of his head blown off.

G. S. C. W. REPORT SET TO BOARD OF REGENTS

Magnificent Showing Made
in More Than 40 Years of
Operation.

MILLEDGEVILLE, Ga., Jan. 14.—The Georgia State College for Women, located at Milledgeville, has just filed its report with the board of regents of the university system. The report is considered most remarkable and the figures given will be read with genuine interest by the people of Georgia, especially those who are interested in education.

The college was established by an act of the legislature in 1889 and was the first state-supported college established in Georgia for women. Its doors were opened for the reception of students in 1890. The first appropriation made by the legislature was for \$35,000 and was used to erect the main college building, which was destroyed by fire on December 8, 1924.

The present inventory shows that the institution has buildings, grounds and equipment totalling \$1,775,801.61 in value, while the appropriations made by the legislature for the construction of buildings have been less than \$400,000. Its enrollment makes it the eighth largest institution for the training of women in the United States. This institution has made a most remarkable record of economy. Practically all buildings at the college were built by the committee, which has served without cost to the state, buying all materials under competitive bids, saving the profits usually made by contractors.

The management has practiced rigid economy all these years and has used every dollar available to supplement the direct appropriations of the legislature. It is conservative in estimated that the buildings built by direct state appropriations would care for approximately only 500 boarding students. There are at present 1,140 boarding students in the institution, making it the largest non-resident boarding student body of any institution in Georgia, and it is noted by the state business management provision has been made for housing 640 more girls than the state has provided for.

The president's report shows that the college trained 3,010 students during the last college year, 1,238 were regular nine-month students, 518 were students in the practice school, and 1,254 attended the summer school. Over 800 of those who attended the summer session were teachers in the high schools of our state.

Altogether the report is one of service and economy to the womanhood of Georgia and the college has indeed made a record which is thoroughly gratifying to its friends.

VERDICT OF ACQUITTAL IN TRIAL FOR MURDER

BLACKSHEAR, Ga., Jan. 14.—(AP)—G. M. Jordan, charged with the murder of Clyde Watkins in November of 1930, was acquitted here today in the superior court. The jury was out about 30 minutes.

Jordan is also under indictment for the killing of Joe Hyde. He was tried for the slaying of Watkins and was acquitted. He is reported to be practicing the same in both cases, it being a double homicide, there is considerable doubt whether the case will ever come to trial.

State Deaths And Funerals

JOANNA WALTERS.
MONTICELLO, Ga., Jan. 14.—Funeral services were conducted at Fulton's cemetery here Wednesday afternoon for Joanna Walters, 8-year-old daughter of Mr. and Mrs. Robert Walters of Atlanta, who died from a rifle wound inflicted while she was hunting with a party of friends in Valdosta Tuesday. She was the granddaughter of W. B. Walters, for 40 years chief of police of Monticello.

Besides her parents she is survived by three brothers, Robert, Billy and Richard; her maternal grandmother, Mrs. George Lach, of New York. The services were conducted by the Rev. B. B. Donohoe, pastor of the Baptist church.

JEAN GEORGE.
VALDOSTA, Ga., Jan. 14.—Funeral services were held at the Carter cemetery in Echols county today for Jean, 17-year-old daughter of Mr. and Mrs. C. J. George, of Lake Park. Her father's death occurred at her home here yesterday. She is survived by her parents, Mr. and Mrs. George, and her grandparents, Mr. and Mrs. T. C. Carter, of Echols county.

MRS. V. E. BALDWIN.
NAYLOR, Ga., Jan. 14.—Funeral services were conducted at Good Hope cemetery near Naylor, today by Rev. J. O. Frye, of the Lee Street Baptist church, of Valdosta, for Mrs. V. E. Baldwin, 55, whose death occurred at her home here yesterday. Mrs. Baldwin is survived by her husband, one daughter and several brothers and sisters.

MISS FLORA BURBANK.
CEDARTOWN, Ga., Jan. 14.—Miss Flora Burbank died at her home here late Wednesday night. Her family was one of the oldest in the section. Since the death of her father two years ago she and her sister, Miss Lena, have been carrying on the family business, the pioneer business of the city, established in 1873.

She is survived by her mother, Mrs. B. S. Sanger, of Tampa, and Miss Lena Burbank, of Cedartown. Funeral will be held from the home Friday morning.

Resignation of Warden in Floyd May End Dispute Over Chain Gang

ROME, Ga., Jan. 14.—Warden Lon Hall, who sacrificed his pet pig and last year's corn crop in order that Floyd county's 58 misdemeanor prisoners might not be hungry, Thursday resigned his job and opened the way for a permanent settlement of the controversy between the county and the state prison commission over abolition of the chain gang.

Hall resigned to take effect January 16, the date the manumission order issued by Judge James Maddox against the county commissioners and the prison commission, directing that the prisoners be properly cared for, is returnable. It is now understood that the county will continue to operate the chain gang and ask for a continuance of the hearing on the court order.

Resignation of the warden is believed to be one of the important details of the settlement reached between the prison commission and the county commissioners on Wednesday. It was also believed that this settlement ends whatever danger there was of other counties "dumping" misdemeanor prisoners on the state.

D. E. Keever, superintendent of public works in Floyd county, said that no successor to Hall had been named or recommended. He predicted further "important developments" before the final termination of litigation over the gang.

Program at Savannah Beach, Dedicating Highway, Announced

SAVANNAH, Ga., Jan. 14.—(AP)—The official program has been announced for the dedication of Route 80 at Savannah Beach next Tuesday as follows:

President Peter S. Nugent, of the Chamber of Commerce, master of ceremonies.

George Butler, vice president of the Chamber of Commerce, toastmaster.

Rev. F. F. Reese, bishop of Georgia, dedicatory address of welcome from the town of Savannah Beach.

Thomas M. Hynes, mayor of Savannah, address of welcome from the city of Savannah.

George W. Tiedeman, address of welcome from Chatham county.

R. J. Kennedy, chairman of the Ballou county commissioners, will respond to the various addresses of welcome.

Captain J. W. Barnett will address the meeting as chairman of the highway board members. John N. Holder, Brigadier General Harry Lee, commander at Parris Island, will address the meeting representing the marines.

W. C. Vereen will address the meeting as a member of the highway board, representing the southern district of the state.

Lieutenant-Colonel Eric M. Wilson, commander including the former highway board, representing the central district of the state.

Richard R. Russell Jr., governor of Georgia, will address the meeting dedicating United States Highway No. 80 from Savannah Beach, the Atlantic terminus, to Swainsboro in Emanuel county, to the people of Georgia as well as the official opening of the first all-weather highway through Georgia from Augusta to Savannah.

Distinguished guests will be included, including the former highway board members, John N. Holder, John L. Phillips and Stanley Bennett.

Meigs Election.
MEIGS, Ga., Jan. 14.—Voters here have re-elected E. W. Murdock as mayor. There was a spirited contest for membership on the city council. Candidates were Evan Singleton, Elwood Carter, Mims Aumslater, Robert Perry and C. L. Duren. The first three were elected.

Woman Candidate.
SPARTA, Ga., Jan. 14.—Miss Johanna Gaines, principal of Gaston school, near here, has announced for the office of county superintendent of schools, opposing Charles W. Morris, incumbent. Miss Gaines has been teaching in the county for many years and is the first woman to offer for an office in Hancock county since her sex was given the right of suffrage.

Elbert Primary.
ELBERTON, Ga., Jan. 14.—The Elbert county democratic committee at its meeting today fixed March 23 as the date for a county primary, candidates to qualify by March 3. At the same time they announced that J. J. Cleveland, veteran county school superintendent, will not offer again. Rev. A. W. Bussey, of Bowman, and Miss M. Hunsard will contest for the place. D. C. Downer, Haley Denny and Wade Thornton will contest with S. R. Seymour, incumbent, for sheriff, and there will be several in the race for treasurer.

Books Given Library.
TIFTON, Ga., Jan. 14.—The library of the Georgia State College for Men, southern branch of the University of Georgia, received this morning from Mrs. J. L. Baldwin, a former Georgian now living in Pittsburgh, a donation of approximately 200 books.

Burglars Get \$371.
THOMASVILLE, Ga., Jan. 14.—Burglars got \$371 in cash some time before business hours began on Wednesday from the safe in the office of Clifford F. Hay, of Thomasville, formerly solicitor-general of the southern judicial circuit.

'Nice Women' Opens Today at Capitol

Today marks the opening of "Nice Women," with Sidney Fox in the leading role, at the Capitol theater. "Nice Women" is the Universal comedy-drama which has been attracting unusual attention since its release a few weeks ago.

This interesting picture deals with a tangled love affair involving two bachelors, one rich and one poor, and three girls, all poor. One of them is a master in affairs of the heart. This role is played by fascinating little Sidney Fox, and her supporting company includes such well-known screen favorites as Frances Dee, Alan Mowbray, Russell Gleason, Carmel Myers and Lucille Webster Gleason.

"Nice Women" constitutes an illuminating lesson in love, and gives valuable pointers to members of both sexes. It doesn't turn out at all as you think it will, but as a picture you will be immensely pleased with it.

"Nice Women" is founded on the Broadway play of the same name by William A. Greer and is directed by Edwin H. Knopf.

REV. H. J. ARNETT DIES IN WAYCROSS HOSPITAL

"Grand Old Man of Screven
County" Gave 58 Years of
Public Service.

WAYCROSS, Ga., Jan. 14.—The Rev. H. J. Arnett, 83 years of age, beloved Baptist minister, who for years has been affectionately called "The Grand Old Man of Screven County," died in a local hospital Wednesday while on a visit here to his daughter, Mrs. E. B. Williamson.

He was born in Screven county December 30, 1848. He served this county 25 years as tax receiver and 32 years as superintendent of the county schools, a total of 58 years of service in county affairs.

He added to this record a life of unceasing service to his church. He was ordained a Baptist minister at the Double Heads church in Screven county in September, 1875. Ever since he has served continuously as pastor and at the time of his death was pastor of the Double Heads, Jackson, Red Bluff and Middle Ground churches, in Screven county.

On October 28, 1875, he was married to Miss Georgia Anna Dixon, who died in 1895. On April 15, 1898, he was married to Miss Johnna Ennis, who survives him.

He is survived by his widow; by four sons, H. J. Arnett Jr., of Seale; C. G. Arnett, of Louisville, Ky.; E. E. Arnett, of Washington, D. C.; and A. N. Arnett, of Greensboro, N. C.; by two daughters, Mrs. C. E. Williamson, of Waycross, and Mrs. B. C. Burke, of Doraville, Ga.; and by five granddaughters, Mabel Williamson, Eva Curtis Williamson, of Waycross; Elizabeth Arnett, of Washington; Georgia Arnett and Dorothy Arnett, of Greensboro.

The funeral services will be held at the Double Heads church either Saturday afternoon or Sunday morning. The Rev. L. P. Glass and the Rev. H. S. McCall, Baptist ministers of Savannah, will officiate. The body was taken to home in Screven county Wednesday afternoon. R. C. Ulmer & Co., of Waycross, and Thompson Brothers, of Savannah, are in charge of funeral arrangements.

Motorists Are Counted
On Highways 3 and 18
ZEBULON, Ga., Jan. 14.—(AP)—Motorists may not know it, but their noses are being counted as they pass the courthouse here along State highways Nos. 3 and 18.

Miss Vera Mae Hawkins, of the state highway department, who is making the count, said 2,478 vehicles passed the courthouse in the past two days. She said the count would continue for several days.

Authorities here said they believed the survey was being made to determine the advisability of paving route 18 through Pike county.

CLINIC ON TRACHOMA TO BE HELD MONDAY

RAINBIDGE, Ga., Jan. 14.—Dr. Carl Welch, director of trachoma eradication work in Georgia, announced here Wednesday a special clinic would be held in Rainbridge on Monday.

At that time the research department of the University of Washington will send a corps of doctors to study the trachoma situation in Georgia. Also Parke-Davis & Co., one of the leading manufacturers of medical supplies, will have representatives here in the hope that they will be able to make an antitoxin or vaccine for the bacteria that have been discovered in Decatur and Mitchell counties by Dr. Ida Bengtson, of the United States public health service. Dr. Bengtson came to Rainbridge last February and by inoculating a number of monkeys was able to discover two bacteria never before isolated from trachomatous eyes.

The public health service has also announced its intention of sending investigators to Rainbridge next summer to study the so-called "mat-sore" eyes. This will be the first attempt to discover the cause and prevention of this disease.

DIVIDEND DECLARED BY BANK AT LITHONIA

LITHONIA, Ga., Jan. 14.—The annual stockholders' meeting of the Peoples bank was held Wednesday. The usual dividend of 8 per cent was paid, and the remainder of the earnings passed to the undivided profit account.

The following officers and directors were elected: A. J. Almond, president; M. C. Moore and W. R. Watson, vice presidents; I. M. Starr, cashier; J. C. Starr, assistant cashier. Directors: A. J. Almond, D. B.

GRAND HAS O'BRIEN IN 'RAINBOW TRAIL'

Fox's latest opus of the wild and woolly west, with George O'Brien in the star role, opened a three-day run at Low's Grand theater Thursday. A Zane Grey story, it is titled "The Rainbow Trail." It is typical "western" fare, which means that it will prove utterly delightful to that large proportion of talkie fans who still like their heroes rugged, their heroines innocent and their villains detestable.

The chief claims to value that the picture possesses, in the opinion of this commentator, are the gorgeous scenic shots caught by the camera lens. Glorious panoramas of rugged splendor, entrancing vistas of mountains and canyons that are greater background than any of the little plots puny man can stage in front of them.

In addition to O'Brien, the picture boasts in its cast Roscoe Ates, the stuttering comic who adds most of the fun, and a leading lady—a little blonde—who is beautiful enough to write home about but whose name escapes from memory at the moment.

Short subjects, newsreel, etc., complete the bill.

RALPH T. JONES.

LABOR BODY OPPOSES TEACHERS' SALARY CUT

Savannah Trades Group Firm
in Stand; School Board
Member Objects.

SAVANNAH, Ga., Jan. 14.—(AP)—The board of education at its meeting tomorrow will receive a protest from the Savannah Trades and Labor Assembly against the proposed 10 per cent reduction in salaries of teachers in the public schools receiving in excess of \$150 per month.

The assembly in a resolution adopted sets forth that, according to figures furnished by the United States department of the interior, the cost of education to the taxpayers of Chatham county is lower than in every system of public schools in the United States in cities of 30,000 or more population, with the exception of Montgomery, Ala.

Dr. Walter S. Wilson, member of the school board, in a public statement, has expressed strong opposition to the proposed reduction in pay of teachers or principals.

SAVANNAH MOTOR TAX IN EFFECT FEBRUARY 1

SAVANNAH, Ga., Jan. 14.—(AP)—An ordinance of state-wide interest adopted by the city council providing for the taxing of motor bus carriers operating in Savannah from points outside of Chatham county will become effective February 1. The rate of levying the taxes has been fixed as follows: Motor vehicles of net weight not over 5,000 pounds, \$20 per route mile or fraction thereof; 5,001 to 15,000 pounds, \$30 per mile; over 15,000 pounds, \$40 per mile.

The number of inquiries recently received by city officials indicates the amount of interest in the matter and it is expected that copies of the new ordinance will be widely sought. It is considered probable that it may be subjected to test in the courts and may be finally passed upon by the supreme court of the United States.

Ruth Scorns \$70,000 One-Year Contract Offered by Yanks; Southern Grid Coaches To Oppose Lowering in Officials' Fees

What is Judge Kenesaw M. Landis doing to earn his salary? The judge might look into this business of raiding the college campus of its baseball players if he wasn't too busy with his golf.

Mr. William Alexander, The Man at the Flats, has something to say on the subject in another column of this page this morning. Mr. Alexander is busy attacking the pests who go snooping around telling the boys what saps they are to be getting a useless thing like an education when they could be getting real money playing baseball.

The boys do this because the baseball companies will give them what is known as "a cut." This means that the boys are handed fifty or a hundred or even three hundred if the prospect is what they call "hot."

Judge Landis is too busy with his golf to do anything about it. And it would be a shame to interfere with the judge's game.

Meanwhile the scouts are signing up college ball players, persuading them to call off the business of getting an education. It is nothing at all to the scout if the kid fails to go, as most of them do, and becomes just a bum in the "B" and "C" leagues. It is quite a lot to the scout if the boy makes good.

Pro football, which was supposed to be a racket, but which is coming along in better shape than ever before, refuses to take college players until they are finished with their college courses. But baseball, which is supposed to be a much better outfit, goes right along raiding.

JOHN DOBBS' IDEAS.

Johnny Dobbs never liked the judge's attitude. This does not worry the judge. Nothing does—except his golf score. Johnny Dobbs used to get right querulous about it.

"Why doesn't he do something to advertise baseball?" asked John Dobbs. "Instead he goes around advertising golf. There isn't anything the major leagues can do about it, but then it never looked right to see the judge hit town and neglect all the baseball people while he went out to play golf."

The judge seems to be necessary to baseball. There has to be someone in there to keep the game honest. Or at least baseball itself thought so when the owners hired the judge to keep them that way.

If the judge doesn't do something about it, the colleges may cut out the game entirely. And a player source would be dried up. It is, incidentally, the best source the big leagues have right now. The sandlots are not so good.

With the minor leagues folding right and left, the major leagues might do worse than keep their scouts away from the undergraduates.

THAT CRACKER MANAGER.

At least 20 or 30 applications have been received at the Cracker office, seeking the manager's job which 'tis rumored will be given to someone other than Johnny Dobbs.

The office should release them all at once to avoid this business of giving them out at the rate of one per day.

There is no opposition at all to Red Barron as manager. Should he get the appointment there would be a loud cheer from this section.

But it doesn't seem good business to pay a man \$9,000 to quit when he has all the necessary qualifications of a manager. That \$9,000 would buy two or three real ball players.

Don't count Johnny Dobbs out of the picture. The odds are against him and so are most of the 15 millionaires. But they may listen to reason.

A PROUD CONFESSION.

Mr. Tohe Edwards, one of the fine young men writing sports in Atlanta, is the only living person who has ever asked this reporter to sing. There is no use withholding the news any longer.

On the trip back from Albany and the lamented bird dog match race there, Mr. Edwards was driving the car. The rain fell and the road was dangerous.

"I wish you would sing some songs," said Mr. Edwards in a pleading voice. "The noise would keep me awake."

And so from Macon to Atlanta the welkin rang with "When You and I Were Young Maggie," "Roses of Picardy," "Glory to Old Georgia," "Ramblin' Wreck," and "The Marine Anthem."

Mr. Edwards did not even blink his eyes. The noise kept him awake.

WHEN IN ROME.

One of the most pleasant trips to be had is the one from Atlanta to Rome. The city and the surrounding hills are beautiful, and the people fine.

The conductor of this department spent Thursday in Rome, visiting the Darlington school in the morning and being the guest of the Rotary Club at noon. Darlington school is one of the most beautiful private schools in the south. Rome is justly proud of it.

And the Rotary Club was found busy with a plan to supply the rural districts with a public library. The Rotary Clubs everywhere can always be found doing something useful.

BABE RUTH IS SCORNFUL.

Well, times can't be as bad as they say. Here we have the news of a man looking at a contract for \$70,000 for six months of working for two hours each afternoon—except when it rains.

And I still think that Babe Ruth is worth his \$80,000, according to the values of his business. He has been worth much more than that. The Babe made millions for others. Without him the game would have staggered, following the Black Sox scandal.

Judge Landis once suspended the Babe, saying that no man was bigger than the game. The Babe was. He isn't the power he once was, but then baseball has never paid him according to his value to the game.

NEW GOLF FAD.

Some of the golf manufacturing companies are starting a new fad this winter, putting the name of the club on the ball. Thus far, however, it has not helped in getting any distance.

CHAMPION ENTERS.

Miss Helen Hicks, the women's champion, will play in the Miami Beach women's golf championship at the Bay Shore course the week of February 1.

INDIGNANT WHEN YANKEES OFFER \$70,000

Demands Two Years' at That Figure or One at \$80,000.

By Gayle Talbot,

Associated Press Sports Writer.

NEW YORK, Jan. 14.—(UP)—Babe Ruth, baseball's greatest wage earner, Babe Ruth, cast a withering glance today at a contract calling for \$70,000, a reduction of 12-12-12 per cent from last year, stuffed it back in his pocket and hurried out to get in a few rounds of golf.

The big fellow is a holdout again. He doesn't like the offer. Jacob Ruppert's offer for 1932. He's going to stand firm either for \$80,000 for one year or \$70,000 for a two-year contract.

"No, sir, I won't sign that thing," said the Babe, stabbing the papers with a stubby forefinger. "I think I'm worth the other \$10,000 after the season I had. They're making a joke of this cutting business."

"Where do they get all this cutting?" he demanded. "If they keep it up, pretty soon the public's going to want to see this right back. Will they be? I haven't heard of them reducing the admission prices."

NO CALL PLANNED.

"Nope, I'm not going to call Colonel Ruppert about it. I'm just going to wait until this contract right back. What about the length of the contract? Would he sign for one year at \$80,000 or demand another for two years at that figure? That called for reflection."

"Well, you might say two years at \$70,000. That sounds all right, doesn't it?"

By that time the big run-knocker had climbed into his limousine, a bag of clubs over his shoulder and was heading for the great outdoors.

The owner of the Yankees, meanwhile, had adopted his usual philosophic attitude where the Babe and money matters are concerned. They've always gotten together before, he reasons, so why not get excited. In view of Ruth's demand, Colonel Ruppert said:

BEST OFFER.

"I do not think we can do better than a one-year contract at \$70,000. I haven't talked with Ruth yet, but we will discuss the matter and I am sure we can reach an agreement quickly. We have never had much trouble doing so before."

The amount offered Ruth is the same he received for the three-year period from 1927-29. For five years before that he had received \$52,500 annually. The last two seasons he has received \$80,000. His salary checks for the last ten years have amounted to more than \$600,000.

In view of the general reduction of salaries in both leagues, Yankees officials consider their offer to Ruth more than fair. He, on the other hand, points to the fact he enjoyed one of the best seasons in 1931, his for the home run leadership and batting .373, second only to Al Simmons of the Athletics. He is in fine condition, he says, and feels he is due another big year.

The fact that Ruth has a nearest competitor for the \$5,000 first-place money.

Guest, registered from Deal, N. J., blasted his way to a 69 today for a total of 140 strokes for the 36 holes played.

With half an hour after Diegel posted his 88, his record was tied by Paul Runyon, the White Plains, N. Y., professional. But his brilliant card of 34-34 gave him no better than a tie for fourth place in the standings when coupled with the 76 he took yesterday.

Fred Morrison, of Culver City, Cal., who finished the first round in 69, was two over par today with a 74, and his 143 total gave him a tie for fourth place, despite the fact that he was still one under par.

After matching Diegel's 70 yesterday, Gene Sarazen, who won the first Agua Caliente tournament in 1930, made even par today, 72, fall into the four-way tie with Guest and Runyon, and four behind Diegel.

Sarazen set a course record, 68, for the first round of the initial tournament. That tournament, however, was played over a course with a shorter No. 1 hole and a par of 71.

Bracketed with Morrison in fourth spot tonight was Harry Cooper, of Chicago, who posted a 71-72, and Walter Hagen hit his stride with a 70 today. His 74 yesterday placed him in the 144 tie with Runyon.

Macdonald Smith withdrew because of cold.

So many of the original starters picked up today that the officials did not cut the field tonight. Eighty pros and twenty-three amateurs probably will tee off tomorrow.

BABE RUTH

Imagine Colonel Jake Ruppert, owner of the New York Yankees ball club, offering Babe Ruth a one-year contract calling for a salary of only \$70,000 to work for the Yanks this season! The Babe glanced at the paper, stuffed it in his pocket and headed for the golf course, declaring that he would not work for such small money.

DIEGEL TAKES CALIENTE LEAD

Card of 68 Gives Him Two-Stroke Advantage in \$15,000 Meet.

By William Warner.

AGUA CALIENTE, Mexico, Jan. 14.—(UP)—Led by Leo Diegel, entrants in the \$15,000 Agua Caliente golf tournament today burned up the 6,838-yard course, breaking par and bringing the scores for the first two rounds of play down below anything done in the two previous meetings for the world's richest golf prize.

Diegel was laying them close to the pin all the way. He went out in 35, a tie for first place in the tournament, and came back with a 33, three strokes below perfect figures, for a 68, a new course record. That figure, coupled with the 70 he made yesterday, set Diegel two strokes in front of Charley Guest, his nearest competitor for the \$5,000 first-place money.

Guest, registered from Deal, N. J., blasted his way to a 69 today for a total of 140 strokes for the 36 holes played.

Hamas Marriage News Leaks Out

NEW YORK, Jan. 14.—(UP)—Steve Hamas, former Penn State grid star, who needs Tommy Laughlin, a 10-pounder at Madison Square Garden Friday, is an 11-letter man, an A. B. man and a married man.

The fact that Steve has a wife leaked out yesterday. He has been married for two months. His new inspiration for championship endeavors was Catherine Work, of New York, who gained some prominence in athletics by winning several golf tournaments. She held the CWA Haven Club golf championship for two years.

Steve Hamas is an accomplished pianist, Steve says he likes to sing—so they get along fine.

CELTICS DEFEAT LOOKOUTS, 31-24; J.P.C. IS PACKED

Masters of Court Game Thrill Fans With Great Ball Handling.

Those eight-of-hand artists of the basketball court, the Rosenblum Celtics, put on another exhibition before a capacity Atlanta audience last night and breezed to a 31-24 victory over Joe Engel's Crimson-clad Lookouts from Chattanooga.

The Celtics played at the Jewish Progressive Club because the Atlanta auditorium was taken and they packed them to the rafters.

Over 1,200 persons jammed the small gym and at least 1,000 were turned away. Spectators lined the stairs and overflowed the court. Several times players catapulted into the crowd.

The Celtics, despite the small floor which hampered their lightning-like manipulation of the ball, played the game on their customary big scale.

JUST A BREEZE.

A symphony in green, they moved away from the big red team with the smoothness of a Cadillac slithering past a Model T on the highway.

Nat Hickey, the dark-haired running guard and new addition to the team, was elected for the starring role and he came down the court like a streak to sink the first basket of the night from well beyond the foul line.

"Cookie" Cunningham, the big center, was fouled by Baesman and made it good. There was a 3-0 lead.

Then lanky Bill Reid scored a swishbird for the Lookouts.

Hickey came down the line for two more neat baskets, taking a beautiful overhanded pass from little Davey Banks for one of them.

The Celtics forged steadily ahead to a 15-12 lead at half time, only the dexterous shooting of Cecil Holland, Lookout guard, keeping his team in the running.

SECOND HALF.

In the second half the veteran Pete Barry got his legs limbered up and started dropping them in. Davey Banks, covering the court like a J'ai Alai player, chimed in with a pair of baskets and Dutch Dehnert dropped one.

Near the game's close, the Lookouts, who had been putting up a stubborn defense but having hard luck on their passing, rallied and spurred to within three points of the Celt lead. With six minutes to go, the score was 27-24.

Then Dehnert and Cunningham dropped in a couple for good measure. The game ended with the Celtics fooling around with the ball.

Joe Lapchick, who can palm a basketball like it was an apple, sat the sideline under wraps due to a wrenched knee. The crowd called "We want Lapchick!" but Joe was saving himself.

HICKEY MAKES HIT.

Nat Hickey, the club's new man, made a big hit with the crowd. During the summer he plays outfield for Decatur of the Three-Eye league.

New York last Friday, is willing to wager \$10,000 he can make 128 pounds, 9 1/2 less than he weighed five days ago.

Pete Reilly, co-manager of the Hartford, Conn., boy, today said that Battalino was willing to post \$10,000 of his own money that he will make the featherweight limit for his title bout with Freddie Miller, Cincinnati outpunch, at Cincinnati January 25.

Reilly came to Chicago to sign for Battalino to meet Earl Mastro in a return title bout, but the Chicago challenger, who had in an effort to lift Battalino's crown in the Chicago stadium November 4, turned down the offer. Reilly then left for Cincinnati to sign for a return bout with Miller, defeated by Battalino in a title match July 23.

Battalino is still recognized as featherweight champion by the National Boxing Association, and by boxing fans everywhere. Battalino's willingness to fight and his five successful defenses of his title in a year with Freddie Miller, Cincinnati outpunch, and Earl Mastro can't be wiped out by an edict by one member of the New York commission.

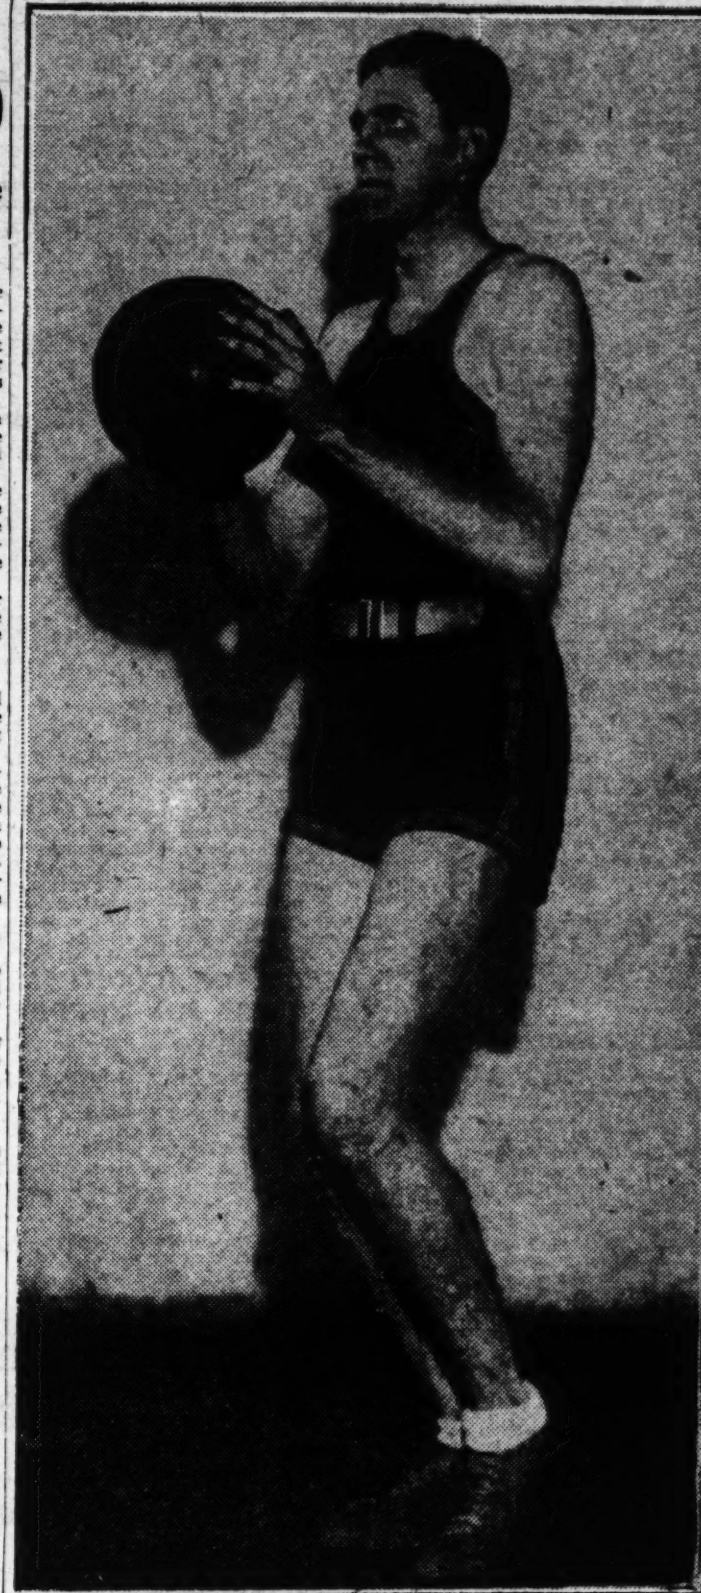

Battalino's failure to make the weight limit for his proposed bout with Fred Mastro in New York was caused by a broken collar.

Battalino weighed 125 1/2 for his bout with Mastro two months ago and he has made the weight limit three times within a year and five times in a year and a half, said Reilly. "He can't make it again. He would have made it for Feldman if the New York commission had allowed him a postponement to recover from his knee injury."

Mastro's unwillingness to meet Battalino again is not because Mastro isn't game, but because he's taking dancing lessons and doesn't want to start training again until February.

Mastro has ambitions for a stage career and is being encouraged by his wife. He may even retire from the ring soon.

Tech Sharpshooter

Bill Perkins, Georgia Tech forward, is thinking about another high scoring mark this basketball season. Perkins was high scorer in the Southern conference last season. He will lead the Yellow Jackets against the Vanderbilt Commodores Saturday night at the city auditorium in the first home game of the season for the Engineers.

Tech Coaches Resent Signing Young Stars

School Will Declare War on Activities of "Tip-off" Men on Campus.

By Jimmy Jones.

The man who sells you the suit of clothes at the store and the shoe salesman who struggles manfully to fit a No. 9 on a size 11 foot, may be vastly more interested in the Japanese "nerve lock" at the moment, but baseball gossip persists in butting into local news columns despite the time of year.

For a couple of weeks it has been a question of thinning out some of those guys who are going to manage the Crackers. The boys now have resorted to Culbertson's approach system with Barron and Robinson (south) bidding against Sisler (north) and Dobbs (west). Most of the bidding has been keyhole or psychic.

In the last few days, Georgia Tech has been projected into the baseball picture. After its coaches had worked hard and glove to save the Dixie College league for the future of baseball (both amateur and pro) following its explosion per se, it seems that someone will have to be called on to save the Tech baseball team.

The well-known institution of learning out of the Plains is about to witness the exodus of all its players via the "sign here, please" route.

In short, if something isn't done to check the forays of scouts, the gentleman who is destined to coach the Tech baseball team this spring may start the new year with a suicide as his name can be announced by the Tech athletic board.

A TEAR, A SNIFF. And if you feel sorry for the Crackers manager, save a tear and a sniff for the Tech baseball coach.

First there was Duck McKee, a left-handed hitter who started an epidemic of broken collar bones among college pitchers last year with a series of vicious line drives. Duck McKee took a fountain pen in hand and signed with the Crackers.

The Farmer, a capable college catcher, followed suit by also grasping the fountain pen.

Jimmy Dawson was the only varsity catcher that Tech had left and Wednesday he signed with the Chattanooga Lookouts, along with a promising sophomore pitcher named Joe Crum.

Tech coaches did not mind about McKee, Farmer and Dawson, for it develops that all three were out of school and had no chance to get eligible by spring. But the Tech coaches did mind about Joe Crum.

There has been no official protest, but Tech athletic heads can't understand why an undergraduate like Joe Crum should be coaxed away before he had a chance to help the

MARCH MEETING TO SEEK RETURN OF ORIGINAL FEE

Arbiters Voice No Official Protest But Are Disheartened.

By Jimmy Jones.

Football officials of the Southern conference who in recent years have devoted themselves to the development of a standard of efficiency among themselves, have been somewhat disheartened by the cut in wages that was put into effect at the last conference meeting.

The officials have not gone to bat for themselves over the slash in fee that reduced their stipend from \$75 to \$50 a game, but coaches of the conference who have seen the steady advancement in the caliber of officials may take up the cudgels for them at a meeting here in March and seek to have their pay restored.

There is no existing union among the officials, and consequently they cannot strike on the matter. They can only sit by and see what the coaches can do in their behalf.

GOOD OLD DAYS?

One leading coach has pointed out to the press that 10 or 12 years ago, football games were officiated by portly gentlemen who waddled along 10 yards behind the play, got in the way of runners and rarely read a rule book.

The turn of the fourth quarter frequently found these arbiters wheezing and puffing and making undecided gestures—mainly because they were not in good physical condition to go 60 arduous minutes.

Since the Southern officials were organized under J. R. Hutches there has been vast improvement. The result is that, where there used to be the about four capable officials in the conference, there now are 12 or 15. Frequently these men are summoned out of the conference to work, and they have invariably received commendable reports.

POWELL'S CASE.

The case of Walter Powell, of Atlanta, who has worked in the last two Rose Bowl games, is a good example. Encouraged by good pay, the officials have taken a great pride in their work. The standard of officials in the south now ranks on an equal basis with that of any in the country.

Walter F. Okeon recently took occasion to commend the caliber of southern arbiters.

Football officials have always been paid well—even when they were less efficient. The rapid growth and complexity of the game has the demand for skilled handlers of the whistle increasing.

GAME'S GROWTH.

The officials' cognizance of this and the introduction of innovations such as the lateral pass that called for closer study of the rules, and began to equip themselves more thoroughly. Press and public demanded that they be more alert. They try to keep in good condition so they can stand the pace set by the athletes.

And just when the arbiters were getting even with the game the school heads made and cut their salaries. In other words, while officials have been going forward, their pay is going backward.

Friends of their cause see a return to the old laxity and a general let-down in their work, unless they feel that they are getting a square deal. Coach W. A. Alexander, of Tech, points out that if gate receipts are good and thousands are taken in, an official is entitled to a good wage. While the public may not realize how hard in their task, it does appreciate good work.

PRO RATA PAY.

Therefore, he says, a maximum of \$50 should not be set, but the schools should be allowed to pay the officials as they see fit. The schools try to keep in mind the fact that the Georgia polo team was the only college outfit in the south until this year, when the University of Florida and Auburn announced that they had formed polo squads. The Georgians use the ponies kept at the university for the use of the U. S. C. cavalry unit here.

Fifteen men are reporting for polo practice, only two veterans, Jimmy McIntire and Crozier Wood, having returned from last year's team. Captain John M. Lile, of the United States army unit stationed here, is coach of the team.

ATHENS, Ga., Jan. 14.—No longer possessed of the title, "The only college polo team in the south," Georgia's varsity polo team will play the Augusta Polo and Racing Club in a three-day meet beginning January 25.
